## SECURITIES AND EXCHANGE COMMISSION [REMOVED PRIVATE FIELD]

### Submission for OMB Review; Comment Request

*Upon Written Request, Copies Available*

From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

*Extension:*

Rule 17a-6; OMB Control No. 3235-0489; SEC File No. 270-433.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 17a-6 (17 CFR 240.17a-6) under the Securities Exchange Act of 1934 (15

U.S.C. 78a *et seq.*) permits national securities exchanges, national securities associations, registered clearing agencies, and the Municipal Securities Rulemaking Board (collectively, "SROs") to destroy or convert to microfilm or other recording media records maintained under Rule 17a-1, if they have filed a record destruction plan with the Commission and the Commission has declared such plan effective.

There are currently 27 SROs: 17 National securities exchanges, 1 national securities association, and 9 registered clearing agencies. Of the 27 SROs, 2 SRO respondents have filed a record destruction plan with the Commission. The staff calculates that the preparation and filing of a new record destruction plan should take 160 hours. Further, any existing SRO record destruction plans may require revision, over time, in response to, for example, changes in document retention technology, which the Commission estimates will take much less than the 160 hours estimated for a new plan. Thus, the total annual compliance burden is estimated to be 60 hours per year. The approximate cost per hour is \$305, resulting in a total cost of compliance for these respondents of \$18,300 per year (60 hours @ \$305 per hour).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
