Certain Tow Behind Lawn Groomers and Certain Parts Thereof from the People's Republic of China: Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the Department) and the International Trade Commission ("ITC"), the Department is issuing an antidumping duty order on certain tow

behind lawn groomers and certain parts thereof (lawn groomers) from the People's Republic of China ("PRC").

EFFECTIVE DATE: August 3, 2009

FOR FURTHER INFORMATION CONTACT: Karine Gziryan, Thomas Martin or Zhulieta Willbrand, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4081, (202) 482-3936, and (202) 482-3147 respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended ("the Act"), on March 31, 2009, the Department published in the **Federal Register** its final determination in the instant investigation. See *Certain Tow Behind Lawn Groomers and Certain Parts Thereof from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 74 FR 29167 (June 19, 2009).

On July 27, 2009, the ITC notified the Department of its final determination, pursuant to section 705(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of subsidized imports of subject merchandise from the PRC. See *Tow-Behind Lawn Groomers From China*, Investigation Nos. 701-TA-457 and 731-TA-1153 (Final), USITC Publication 4090 (July 2009).

Scope of the Order

The scope of this order covers certain non-motorized tow behind lawn groomers, manufactured from any material, and certain parts thereof. Lawn groomers are defined as lawn sweepers, aerators, dethatchers, and spreaders. Unless specifically excluded, lawn groomers that are designed to perform at least one of the functions listed above are included in the scope of this order, even if the lawn groomer is designed to perform additional non-subject functions (e.g., mowing).

All lawn groomers are designed to incorporate a hitch, of any configuration, which allows the product to be towed behind a vehicle. Lawn groomers that are designed to incorporate both a hitch and a push handle, of any type, are also covered by the scope of this order. The hitch and handle may be permanently attached or removable, and they may be attached on opposite sides or on the same side of the lawn groomer. Lawn groomers designed to incorporate a hitch, but where the hitch is not attached to the lawn

groomer, are also included in the scope of the order.

Lawn sweepers consist of a frame, as well as a series of brushes attached to an axle or shaft which allows the brushing component to rotate. Lawn sweepers also include a container (which is a receptacle into which debris swept from the lawn or turf is deposited) supported by the frame. Aerators consist of a frame, as well as an aerating component that is attached to an axle or shaft which allows the aerating component to rotate. The aerating component is made up of a set of knives fixed to a plate (known as a "plug aerator"), a series of discs with protruding spikes (a "spike aerator"), or any other configuration, that are designed to create holes or cavities in a lawn or turf surface. Dethatchers consist of a frame, as well as a series of tines designed to remove material (e.g., dead grass or leaves) or other debris from the lawn or turf. The dethatcher tines are attached to and suspended from the frame. Lawn spreaders consist of a frame, as well as a hopper (i.e., a container of any size, shape, or material) that holds a media to be spread on the lawn or turf. The media can be distributed by means of a rotating spreader plate that broadcasts the media ("broadcast spreader"), a rotating agitator that allows the media to be released at a consistent rate ("drop spreader"), or any other configuration.

Lawn dethatchers with a net fully-assembled weight (i.e., without packing, additional weights, or accessories) of 100 pounds or less are covered by the scope of the order. Other lawn groomers sweepers, aerators, and spreaders with a net fully-assembled weight (i.e., without packing, additional weights, or accessories) of 200 pounds or less are covered by the scope of the order.

Also included in the scope of the order are modular units, consisting of a chassis that is designed to incorporate a hitch, where the hitch may or may not be included, which allows modules that perform sweeping, aerating, dethatching, or spreading operations to be interchanged. Modular units when imported with one or more lawn grooming modules with a fully assembled net weight (i.e., without packing, additional weights, or accessories) of 200 pounds or less when including a single module, are included in the scope of the order. Modular unit chasses, imported without a lawn grooming module and with a fully assembled net weight (i.e., without packing, additional weights, or accessories) of 125 pounds or less, are also covered by the scope of the order. When imported separately, modules

that are designed to perform subject lawn grooming functions (*i.e.*, sweeping, aerating, dethatching, or spreading), with a fully assembled net weight (*i.e.*, without packing, additional weights, or accessories) of 75 pounds or less, and that are imported with or without a hitch, are also covered by the scope.

Lawn groomers, assembled or unassembled, are covered by this order. For purposes of this order, “unassembled lawn groomers” consist of either 1) all parts necessary to make a fully assembled lawn groomer, or 2) any combination of parts, constituting a less than complete, unassembled lawn groomer, with a minimum of two of the following “major components”:

- 1) an assembled or unassembled brush housing designed to be used in a lawn sweeper, where a brush housing is defined as a component housing the brush assembly, and consisting of a wrapper which covers the brush assembly and two end plates attached to the wrapper;
- 2) a sweeper brush;
- 3) an aerator or dethatcher weight tray, or similar component designed to allow weights of any sort to be added to the unit;
- 4) a spreader hopper;
- 5) a rotating spreader plate or agitator, or other component designed for distributing media in a lawn spreader;
- 6) dethatcher tines;
- 7) aerator spikes, plugs, or other aerating component; or
- 8) a hitch, defined as a complete hitch assembly comprising of at least the following two major hitch components, tubing and a hitch plate regardless of the absence of minor components such as pin or fasteners. Individual hitch component parts, such as tubing, hitch plates, pins or fasteners are not covered by the scope.

The major components or parts of lawn groomers that are individually covered by this order under the term “certain parts thereof” are: (1) brush housings, where the wrapper and end plates incorporating the brush assembly may be individual pieces or a single piece; and (2) weight trays, or similar components designed to allow weights of any sort to be added to a dethatcher or an aerator unit.

The scope of this order specifically excludes the following: 1) agricultural implements designed to work (*e.g.*, churn, burrow, till, etc.) soil, such as cultivators, harrows, and plows; 2) lawn or farm carts and wagons that do not groom lawns; 3) grooming products incorporating a motor or an engine for the purpose of operating and/or

propelling the lawn groomer; 4) lawn groomers that are designed to be hand held or are designed to be attached directly to the frame of a vehicle, rather than towed; 5) “push” lawn grooming products that incorporate a push handle rather than a hitch, and which are designed solely to be manually operated; 6) dethatchers with a net assembled weight (*i.e.*, without packing, additional weights, or accessories) of more than 100 pounds, or lawn groomers sweepers, aerators, and spreaders with a net fully-assembled weight (*i.e.*, without packing, additional weights, or accessories) of more than 200 pounds; and 7) lawn rollers designed to flatten grass and turf, including lawn rollers which incorporate an aerator component (*e.g.*, “drum-style” spike aerators).

The lawn groomers that are the subject of this order are currently classifiable in the Harmonized Tariff Schedule of the United States (“HTSUS”) statistical reporting numbers 8432.40.0000, 8432.80.0000, 8432.80.0010, 8432.90.0030, 8432.90.0080, 8479.89.9896, 8479.89.9897, 8479.90.9496, and 9603.50.0000. These HTSUS provisions are given for reference and customs purposes only, and the description of merchandise is dispositive for determining the scope of the product included in this order.

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation ordered pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of two exporters that accounted for a significant proportion of exports of lawn groomers, we extended the four-month period to no more than six months. *See Certain Tow Behind Lawn Groomers and Certain Parts Thereof from the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 74 FR 4929, 4936 (January 28, 2009) (“*Preliminary Determination*”). In this investigation, the six-month period beginning on the date of the publication of the *Preliminary Determination* (*i.e.*, January 28, 2009) ended on July 27, 2009.

Section 737 of the Act states that definitive duties are to begin on the date of publication of the ITC’s final injury determination. Therefore, in accordance with section 733(d) of the Act, we have

instructed U.S. Customs and Border Protection (“CBP”) to terminate suspension of liquidation and to liquidate without regard to antidumping duties (*i.e.*, release all bonds and refund all cash deposits), unliquidated entries of lawn groomers from the PRC entered, or withdrawn from warehouse, for consumption after July 27, 2009, and before the date of publication of the ITC’s final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC’s final injury determination in the **Federal Register**.

Antidumping Duty Order

On July 27, 2009, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from the PRC. Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of the merchandise for all relevant entries of lawn groomers from the PRC. Except for the entries noted above,¹ these antidumping duties will be assessed on all unliquidated entries of lawn groomers from the PRC entered, or withdrawn from the warehouse, for consumption on or after January 28, 2009, the date on which the Department published its *Preliminary Determination*. *See Preliminary Determination*.

Effective on the date of publication of the ITC’s final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit based on the estimated weighted-average antidumping duty margins listed below. The cash deposit rate for all exporter-producer combinations not listed below will be equal to the estimated weighted-average antidumping duty margin applicable to the combination. The “PRC-wide” rate applies to all exporters of subject merchandise not specifically listed. The weighted-average dumping margins are as follows:

¹ Namely, entries of lawn groomers from the PRC entered, or withdrawn from warehouse, for consumption after July 27, 2009, and before the date of publication of the ITC’s final injury determination in the **Federal Register**.

LAWN GROOMERS FROM THE PRC

Exporter and Producer	Weighted-Average Margin (Percent)
Nantong D & B Machinery Co., Ltd.	154.72
Qingdao Huatian Truck Co., Ltd., a.k.a. Qingdao Huatian Hand Truck Co., Ltd. PRC-wide Entity (including Jiashan Superpower Tools Co., Ltd. and Princeway Furniture (Dong Guan) Co., Ltd.)	154.72
	386.28

This notice constitutes the antidumping duty order with respect to lawn groomers from the PRC pursuant to section 736(a) of the Act. Interested parties may contact the Department's Central Records Unit, Room 1117 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: July 29, 2009.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department of Commerce ("the Department") and the International Trade Commission automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation

suspended under section 704 or 734 of the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

FOR FURTHER INFORMATION CONTACT: Hallie Zink, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Ave., NW, Washington, DC 20230; telephone (202) 482-6907.

Upcoming Sunset Reviews for September 2009

There are no Sunset Reviews scheduled for initiation in September 2009.

For information on the Department's procedures for the conduct of sunset reviews, See 19 CFR 351.218. This notice is not required by statute but is published as a service to the international trading community. Guidance on methodological or analytical issues relevant to the Department's conduct of Sunset Reviews is set forth in the Department's Policy Bulletin 98.3, *Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998). The Notice of Initiation of Five-year ("Sunset") Reviews provides further information regarding what is required of all parties to participate in Sunset Reviews.

Dated: July 23, 2009.

John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Sheila E. Forbes, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4697.

Background

Each year during the anniversary month of the publication of an antidumping or countervailing duty order, finding, or suspension of investigation, an interested party, as defined in section 771(9) of the Tariff Act of 1930, as amended ("the Act"), may request, in accordance with section 351.213 (2008) of the Department of Commerce ("the Department") regulations, that the Department conduct an administrative review of that antidumping or countervailing duty order, finding, or suspended investigation.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, the Department intends to select respondents based on U.S. Customs and Border Protection ("CBP") data for U.S. imports during the period of review ("POR"). We intend to release the CBP data under Administrative Protective Order ("APO") to all parties having an APO within five days of publication of the initiation **Federal Register** notice. Therefore, we encourage all parties interested in commenting on respondent selection to submit their APO applications on the date of publication of the initiation notice, or as soon thereafter as possible. The Department invites comments regarding the CBP data and respondent selection within 10 calendar days of publication of the initiation **Federal Register** notice.

Opportunity to Request a Review: Not later than the last day of August 2009,¹ interested parties may request administrative review of the following orders, findings, or suspended investigations, with anniversary dates in August for the following periods:

	Period
Antidumping Duty Proceeding	
Germany: Corrosion-Resistant Carbon Steel Flat Products A-428-815	8/1/08-7/31/09

¹ Or the next business day, if the deadline falls on a weekend, federal holiday or any other day when the Department is closed.
