II. Significance of Special Controls Guidance Document

The final rule designates the guidance document entitled ''Class II Special Controls Guidance Document: Dental Amalgam, Mercury, and Amalgam Alloy'' as the special control for mercury, amalgam alloy, and dental amalgam. FDA believes that adherence to the recommendations described in this guidance document, in addition to the general controls under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 *et seq.*), will provide reasonable assurance of the safety and effectiveness of dental amalgam, mercury, and amalgam alloy. Following the effective date of the final rule, any firm submitting a 510(k) premarket notification for dental amalgam, mercury, or amalgam alloy, as well as any firm currently marketing the devices, must address the issues covered in the special controls guidance. The firm must show that its device addresses the issues of safety and effectiveness identified in the special controls guidance, either by following the recommendations in the guidance or by some other means that provides equivalent assurances of safety and effectiveness.

III. Electronic Access

Persons interested in obtaining a copy of the guidance may do so by using the Internet. To receive ''Class II Special Controls Guidance Document: Dental Amalgam, Mercury, and Amalgam Alloy'' you may either send an e-mail request to *dsmica@fda.hhs.gov* to receive an electronic copy of the document or send a fax request to 301–847–8149 to receive a hard copy. Please use the document number (1192) to identify the guidance you are requesting.

CDRH maintains an entry on the Internet for easy access to information including text, graphics, and files that may be downloaded to a personal computer with Internet access. Updated on a regular basis, the CDRH home page includes device safety alerts, **Federal Register** reprints, information on premarket submissions (including lists of approved applications and manufacturers' addresses), small manufacturer's assistance, information on video conferencing and electronic submissions, Mammography Matters, and other device-oriented information. The CDRH Web site may be accessed at *http://www.fda.gov/cdrh*. A search capability for all CDRH guidance documents is available at *http://www.fda.gov/cdrh/guidance.html*. Guidance documents are also available at *http://www.regulations.gov*.

IV. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments regarding this document. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document.
