SUPPLEMENTARY INFORMATION:

Title: Agricultural Prices.

OMB Control Number: 0535-0003.

Expiration Date of Approval:

December 31, 2009.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The Agricultural Prices surveys provide data on the prices received by farmers and prices paid by them for production goods and services. NASS estimates based on these surveys are used by agencies of the U.S. Department of Agriculture to prepare the economic accounts of the United States. These price estimates are also used to compute Parity Prices in accordance with requirements of the Agricultural Adjustment Act of 1938 as amended (Title III, Subtitle A, Section 301a). In addition, price data are used by the Federal Crop Insurance Corporation to

help determine payment rates, program option levels, and disaster programs.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-113) and Office of Management and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995). NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33376.

Estimate of Burden: Public reporting burden for this information collection is based on 18 individual surveys with expected responses of 5-20 minutes and frequency of 1-12 times per year. Estimated number of responses per respondent is 2.03.

Respondents: Farmers and farm-related businesses.

Estimated Number of Respondents: 43,000.

Estimated Total Annual Burden on Respondents: 13,000 hours.

Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, July 15, 2009.

Joseph T. Reilly,

Associate Administrator.
