**SUPPLEMENTARY INFORMATION:** USAID is proposing to alter its system of records pursuant to the Privacy Act (5 U.S.C. 552a), entitled the Deployment Tracking System (DTS). This system was established to support USAID's responsibilities as part of an interagency effort led by the Department of State, known as the Civilian Response Corps (CRC). In order to participate as a partner agency, USAID must have mechanisms in place to identify, assign or employ personnel with appropriate skill sets and have the ability to mobilize these resources rapidly in response to stabilization crisis.

USAID is proposing to alter its "Deployment Tracking System Records" to increase the categories of records contained within the system of records.
