Submission for OMB Review; Comment Request

Title: Community-Based Abstinence Education Performance Progress Report.
OMB No.: 0970-0272.

Description: The discretionary funding Community-Based Abstinence Education Program (CBAE) is authorized by Title XI, Section 1110, of the Social Security Act (using the definitions contained in Title V, Section 510(b)(2) of the Social Security Act).

Program-Specific Performance Measure

The CBAE program developed a program-specific performance measure

in response to the PART review (a process by which the Office of Management and Budget analyzes and rates a Federal program's procedures and strategies for evaluating its effectiveness), for which the program received a rating of Adequate. In an effort to gather program-specific data on rates of abstinence pre- and post-program participation, ACF and the Office of Management and Budget determined that a program-specific performance measure should be developed to assess key outcomes among program participants. The CBAE office convened a panel of abstinence education experts to gather input on the measure, and, based on the input provided, the CBAE office developed the measure. CBAE grantees will be required to ask twelve questions of the youth served in a pre- and post-survey, as well as a representative sample of the youth served in a follow-up survey.

The questions were carefully constructed by experienced evaluators to measure initiation and discontinuation of sexual intercourse as well as two key predictors of initiation: Sexual values and behavioral intentions.

The program office will collect and compile data to establish baselines and ambitious targets for the program-specific performance measure. The data will be aggregated and results will be shared with the public as they become available.

Respondents: Youth Participants.
