Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Cold Storage Survey. Revision to burden hours will be needed due to changes in the size of the target population, expected increases in response rates, and modes of data collection. The questionnaires have had some minor modifications to accommodate changes in the products stored by the industry, and to make the questionnaires easier to complete. The entire target population for cold storage operators will be contacted for this data on a monthly basis. Fruit storage operations are contacted on a seasonal basis. The capacity survey is conducted once every other year. These surveys are voluntary, except for operations that store certain manufactured dairy products that are required by Public Law No. 106-532 and 107-171 to respond.

SUPPLEMENTARY INFORMATION:
Title: Cold Storage Survey.
OMB Control Number: 0535-0001.
Expiration Date of Approval: December 31, 2009.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue State and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The monthly Cold Storage Survey provides information on national supplies of food commodities in refrigerated storage facilities. A biennial survey of refrigerated warehouse capacity is also conducted to provide a benchmark of the capacity available for refrigerated storage of the nation's food supply. Information on stocks of food commodities facilitates proper price discovery and orderly marketing, processing, and distribution of agricultural products.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by

respondents. This notice is submitted in accordance with the Paperwork Reduction Act of 1995, (Pub. L. 104-13) and Office of Management and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1985). NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33376.

Estimate of Burden: Public reporting burden for this information collection is based on 5 individual surveys with expected responses of 10-30 minutes. The Refrigerated Capacity Survey is conducted once every 2 years, the other surveys are conducted 8-12 times per year.

Respondents: Refrigerated storage facilities.

Estimated Number of Respondents: 3,000.

Estimated Total Annual Burden on Respondents: With an estimated response rate of approximately 80%, we estimate the burden to be 7,600 hours. Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

SUPPLEMENTARY INFORMATION:

Title: FNS-143, Claim for Reimbursement (Summer Food Service Program).

OMB Number: 0584-0041.

Expiration Date: August 31, 2009.

Type of Request: Revision of a currently approved collection.

Abstract: The Summer Food Service Program Claim for Reimbursement, Form FNS-143, is used to collect data on the number of meals served and cost data from sponsoring organizations whose participation in this program is administered directly by the Food and Nutrition Service (FNS) Regional Office, commonly known as Regional Office Administered Program (ROAP). The FNS Regional Office directly administers participation of the Summer Food Service Program (SFSP) for sponsoring organizations in Virginia. In order to determine the amount of reimbursement sponsoring organizations are entitled to receive for meals served, they must complete the form. The completed forms are either sent to the Child Nutrition Payments Center at the FNS Mid-Atlantic Regional Office where they are entered into an electronic payment system or sponsoring organizations may submit forms electronically via the Internet directly into the Child Nutrition Payments Center. The payment system computes earned reimbursement. Earned reimbursement in the SFSP is based on performance and is determined by comparing an assigned rate for operations and for administration per meal served to actual operational and administrative costs. To fulfill the earned reimbursement requirements set forth in SFSP regulations issued by the Secretary of Agriculture at 7 CFR 225.9, the meal and cost data must be collected on the FNS-143.

The form is an intrinsic part of the accounting system currently being used by the subject program to ensure proper reimbursement as well as to facilitate adequate recordkeeping.

Respondents: The respondents are sponsoring organizations participating

in the SFSP under the auspices of the FNS ROAP.

Estimated Number of Respondents: 121.

Estimated Number of Responses per Respondent:: 3.

Estimated Hours per Response: .5.

Estimated Annual Burden Hours: 181.5.

Estimated Total Annual Burden on Respondents: 181.5 hours.

Dated: August 3, 2009.
