

approval. The nature of the information collection is described as well as its expected burden. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on April 6, 2009. A comment dated June 5, 2009 was received, suggesting that the Maritime Administration (MARAD) amend its forms MA-29, MA-29A and MA-29B (Vessel Transfer Forms) to reference the applicability of the Toxic Substance Control Act (TSCA), and 40 CFR 761.97, thereby reflecting the statutory and regulatory constraints regarding the export of United States documented vessels for scrapping or refit outside the United States.

MARAD was given the mandate to (a) approve the transfer (the term transfer includes the sale, lease, charter, or agreement to sell, lease or charter to a person not a citizen of the United States) (46 U.S.C. 5610) of a United States documented vessel to a person who is not a citizen of the United States, and (b) approve the placement of a United States documented vessel under foreign registry and/or the operation of a United States documented vessel under the authority of a foreign country by a person who is not a citizen of the United States. Federal agencies generally may perform only those duties authorized by statute.

MARAD's forms collect the information we require to make a decision regarding the mandated transfer approvals. To collect additional information on the Vessel Transfer Forms would exceed our mandated authority.

In order to deal with the issue of vessels being transferred for scrapping outside the United States, we have instituted a procedure of providing written notification to the Environmental Protection Agency (EPA) of all foreign vessel transfer approvals at the time they are issued by the MARAD (Letter dated April 2, 2008, from Maritime Administrator to the Administrator of the EPA.). This will provide information to the EPA on where and when any demolition will take place. In addition, when an application for transfer includes a vessel leaving the U.S. registry for subsequent foreign disposal, the owner and/or buyer of the vessel are advised that the vessel may be subject to the TSCA and EPA implementing regulations.

DATES: Comments for this notice must be submitted on or before September 9, 2009.

FOR FURTHER INFORMATION CONTACT: Mr. Jerome Davis, Maritime Administration, 1200 New Jersey Avenue, SE.,

SUPPLEMENTARY INFORMATION: Maritime Administration (MARAD).

Title: Request for Transfer of Ownership, Registry, and Flag, or Charter, Lease, or Mortgage of U.S.-Citizen Owned Documented Vessels.

OMB Control Number: 2133-0006.

Type of Request: Extension of currently approved collection.

Affected Public: Vessel owners who have applied for foreign transfer of U.S.-flag vessels.

Forms: MA-29, MA-29A, MA-29B (Note: MA-29A is used only in cases of a National emergency).

Abstract: This collection provides information necessary for MARAD to approve the sale, transfer, charter, lease, or mortgage of U.S. documented vessels to non-citizens, or the transfer of such vessels to foreign registry and flag, or the transfer of foreign flag vessels by their owners as required by various contractual requirements. The information will enable MARAD to determine whether the vessel proposed for transfer will initially require retention under the U.S.-flag statutory regulations.

Annual Estimated Burden Hours: 120 hours.

Addresses: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street, NW., Washington, DC 20503, Attention MARAD Desk Officer.

Comments Are Invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication.

Authority: 49 CFR 1.66.

[Docket No. FRA-2009-0001-19]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and its implementing regulations, the Federal Railroad Administration (FRA) hereby announces that it is seeking renewal of the following currently approved information collection activities. Before submitting these information collection requirements for clearance by the Office of Management and Budget (OMB), FRA is soliciting public comment on specific aspects of the activities identified below.

DATES: Comments must be received no later than October 9, 2009.

ADDRESSES: Submit written comments on any or all of the following proposed activities by mail to either: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 25, Washington, DC 20590, or Ms. Nakia Jackson, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 35, Washington, DC 20590. Commenters requesting FRA to acknowledge receipt of their respective comments must include a self-addressed stamped postcard stating, "Comments on OMB control number 2130-0560." Alternatively, comments may be transmitted via facsimile to (202) 493-6216 or (202) 493-6497, or via e-mail to Mr. Brogan at robert.brogan@dot.gov, or to Ms. Jackson at nakia.jackson@dot.gov. Please refer to the assigned OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292) or Ms. Nakia Jackson, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 35,

Washington, DC 20590 (telephone: (202) 493-6073). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law No. 104-13, § 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to provide 60-days notice to the public for comment on information collection activities before seeking approval for reinstatement or renewal by OMB. 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1), 1320.10(e)(1), 1320.12(a). Specifically, FRA invites interested respondents to comment on the following summary of proposed information collection activities regarding (i) Whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (ii) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (iii) ways for FRA to enhance the quality, utility, and

clarity of the information being collected; and (iv) ways for FRA to minimize the burden of information collection activities on the public by automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). See 44 U.S.C. 3506(c)(2)(A)(i)-(iv); 5 CFR 1320.8(d)(1)(i)-(iv). FRA believes that soliciting public comment will promote its efforts to reduce the administrative and paperwork burdens associated with the collection of information mandated by Federal regulations. In summary, FRA reasons that comments received will advance three objectives: (i) Reduce reporting burdens; (ii) ensure that it organizes information collection requirements in a "user friendly" format to improve the use of such information; and (iii) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

Below is a brief summary of currently approved information collection activities that FRA will submit for clearance by OMB as required under the PRA:

Title: Use of Locomotive Horns at Highway-Rail Grade Crossings

OMB Control Number: 2130-0560

Abstract: The collection of information is used by FRA to increase safety at highway-rail grade crossings nationwide by requiring that locomotive horns be sounded when train approach and pass through these crossings, or by ensuring that a safety level at least equivalent to that provided by blowing horns exists for rail corridors in which horns are silenced. Communities that qualify for this exception may create "quiet zones" within which locomotive horns would not be routinely sounded. FRA reviews applications by public authorities intending to establish new or, in some cases, continue pre-rule quiet zones to ensure that the necessary level of safety is achieved.

Maritime Administration

[Docket No. MARAD–2009 0075]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel MON BIJOU.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD–2009–0075 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to
