

Proposed Project: Applicant Background Survey—OMB No. 0990–0208- Extension- Assistant Secretary for Administration and Management.

Abstract: The Applicant Background Survey form will be used for the next three years by the Operating Divisions (OPDIVs). The major sub-organizations within the Department of Health and Human Services (HHS), will collect and

analyze data on race, sex, national origin, and disability from applicants for employment. Information will be collected by each of the personnel offices in the Department. The form will be used routinely by the OPDIVs when recruiting for all positions, including senior level positions and for selected job series where workforce analysis has

shown evidence of low representation of minorities, women, or persons with disabilities. The results of the collection will assist the Department to determine if present recruitment sources yield qualified minority and female applicants and applicants with disabilities as required by EEOC MD 715.

Abstract: The Office on Women's Health is collecting data from 13 funded grantees and clients participating in ASIST2010, a three-year, cooperative agreement program. ASIST2010 uses a

The goals of the ASIST2010 program are to: (1) Provide additional support to existing public health systems/collaborative partnerships to enable them to add a gender focus to HP 2010 objectives that track the health status of women and/or men, to help improve gender outcome in the targeted population and/or geographic area; (2) improve surveillance/information systems that allow tracking of program progress on HP 2010 objectives at the grantee level; and (3) develop and implement a plan to sustain the program after OWH funding ends. The sites participating in the ASIST2010 program represent four academic medical centers, three community-based organizations, two hospitals, two state health departments, one county health department, and one foundation.
