RIN 1810-AB05

### American Recovery and Reinvestment Act of 2009 (ARRA); Title I, Part A of the Elementary and Secondary Education Act of 1965, as Amended (ESEA); Part B, Section 611 of the Individuals With Disabilities Education Act (IDEA)

**AGENCY:** Office of Elementary and Secondary Education; Office of Special Education and Rehabilitative Services, U.S. Department of Education.

**ACTION:** Notice of proposed adjustments to statutory caps on State administration.

**SUMMARY:** The U.S. Secretary of Education (Secretary) proposes to adjust the statutory caps on State administration under Title I, part A of the Elementary and Secondary Education Act of 1965, as amended (Title I, part A), and part B, section 611 of the Individuals with Disabilities Education Act (IDEA) with respect to funds available for those programs under the American Recovery and Reinvestment Act of 2009 (ARRA), Public Law 111-5. The proposed adjustments would allow State educational agencies (SEAs) to reserve State administrative funds from their fiscal year (FY) 2009 ARRA allocations under Title I, part A and section 611 of IDEA to help defray the costs of data collections that are specifically related to ARRA funding for these programs (including, for Title I, part A, data collection related to waivers). This notice only affects administrative costs for data collection under Title I, part A and IDEA section 611; for costs associated with other ARRA data collections, SEAs may use a portion of the State's Government Services grant under the State Fiscal Stabilization Funds or funds allowable for that purpose under individual programs.

**DATES:** We must receive your comments on or before September 16, 2009.

**ADDRESSES:** Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments by fax or by e-mail. *Purpose of Programs:* The ARRA provides billions of dollars in new funding for education in order to "jump-start" school reform efforts and to serve special populations while also saving and creating jobs and stimulating the economy. In particular, the ARRA provides \$10 billion in new funding under Title I, part A and \$11.3 billion in new funding under IDEA part B, section 611. Title I, part A provides assistance through SEAs to local educational agencies (LEAs) and schools with high concentrations of students from families that live in poverty to strengthen teaching and learning for students at risk of failing to meet State academic achievement standards and to close the achievement gap. Section 611 of IDEA provides funds through SEAs to LEAs to help them ensure that children with disabilities, from ages three through 21, have access to a free appropriate public education to meet each child's unique needs and prepare each child for further education, employment, and independent living.

*Program Authority:* Division A, Title XV, section 1552 of the American Recovery and Reinvestment Act of 2009, Public Law 111-5; 20 U.S.C. 6301 *et seq.* (Title I, part A); 20 U.S.C. 1400 *et seq.* (IDEA section 611).

### Background

Section 1552 of the ARRA authorizes the Secretary, after following the notice and comment rulemaking requirements under the Administrative Procedure Act (5 U.S.C. 500), to "reasonably adjust applicable limits on administrative expenditures for Federal awards to help [States] defray the costs of data collection requirements initiated

pursuant to [the ARRA]." Both Title I, part A and section 611 of IDEA, programs that received significant funding increases through the ARRA, have caps on the amount of funds for State administration that an SEA may reserve from its allocations for these programs.

Specifically, section 1004(b) of the ESEA restricts the amount of funds an SEA may reserve for State administration from its Title I, part A allocation to no more than one percent of the amount the SEA would receive under Title I, part A, if \$14 billion were appropriated for parts A, C, and D of Title I (with any SEA whose amount under section 1004(b) would be less than \$400,000 permitted to reserve up to \$400,000). The total amount appropriated in FY 2009 exceeds \$14 billion, triggering this cap. Similarly, section 611(e)(1) of IDEA restricts the amount of funds an SEA may reserve for administration of the program to not more than the maximum amount the SEA was eligible to reserve for FY 2004 or \$800,000 (adjusted annually for inflation), whichever is greater. (The Secretary is not proposing an adjustment to the cap on State administration under section 619 of IDEA because, under section 619(e) of IDEA, the Department has concluded that the ARRA appropriation for section 619 results in a sufficient increase in the amount an SEA may reserve for State administration under that program.)

The ARRA imposes a number of specific data collection and reporting requirements on an SEA that substantially increase its data burden in administering Title I, part A and IDEA section 611. Specifically, the ARRA data collection requirements affecting Title I, part A include, but are not limited to, the following:

- Each LEA that receives Title I, part A ARRA funds must provide to its SEA, by December 1, 2009, a school-by-school listing of per-pupil education expenditures from State and local sources during school year 2008-09. The SEA, in turn, must submit this information to the Department by March 31, 2010. This is a new data collection, as most SEAs do not currently collect this school-level information from their LEAs.

- Under section 1512 of the ARRA, an SEA must report, on a quarterly basis, specific information regarding its obligation and use of Title I, part A ARRA funds.

- Under 2 CFR 176.210, an SEA and its LEAs must track Title I, part A ARRA funds separately from their regular FY 2009 allocations, which will necessitate

increased data management and collection.

- An SEA will likely assume increased administrative responsibilities in a number of other areas related to ARRA data collection activities, including the following:

- Providing guidance to LEAs regarding ARRA data quality, and monitoring the quality of the ARRA data that LEAs must provide.

- Data collection related to monitoring and auditing LEAs' use of Title I, part A ARRA funds.

- Submitting requests for waivers of Title I, part A requirements related to ARRA funds.

- Collecting data to address the criteria involving Title I, part A for "Race to the Top" submissions and other activities.

- Supporting data collection activities affecting Title I, part A ARRA funds and ARRA School Improvement Grants under section 1003(g) of the ESEA.

- Addressing additional data collection requirements that could affect Title I, part A ARRA funds.

Similarly, the ARRA data collection requirements affecting the programs funded through section 611 of IDEA include, but are not limited to, the following:

- Under section 1512 of the ARRA, an SEA must report, on a quarterly basis, specific information regarding its obligation and use of IDEA section 611 ARRA funds.

- Under 2 CFR 176.210, an SEA and its LEAs must track IDEA, section 611 ARRA funds separately from their regular FY 2009 allocations, which will necessitate increased data management and collection.

- An SEA will likely assume increased administrative responsibilities in a number of other areas related to ARRA data collection activities, including the following:

- Providing guidance to LEAs regarding ARRA data quality and monitoring the quality of the ARRA data that LEAs must provide.

- Data collection related to monitoring and auditing LEAs' use of IDEA section 611 ARRA funds.

- Addressing additional data collection requirements that could affect the programs funded under section 611 of IDEA.

The ARRA includes additional data requirements that an SEA must implement under Title I, part A and IDEA section 611 that Congress could not have contemplated when initially establishing the administrative caps for both of these programs. In the absence of the ARRA, an SEA already has many

responsibilities for ensuring that its LEAs carry out their Title I, part A and IDEA section 611 programs properly in order to achieve program goals and follow program requirements that require expending administrative funds in order to ensure that programs are carried out effectively. Similarly, the new ARRA responsibilities related to data collection also will require an SEA to expend administrative resources.

In recognition of these additional ARRA administrative responsibilities that an SEA will assume, pursuant to his authority in section 1552 of the ARRA, the Secretary is proposing in this notice to adjust the caps on State administration under Title I, part A and section 611 of IDEA to help an SEA defray the costs of implementing the data collection requirements that are associated with the ARRA.

We note that the proposed adjustments reflect the Department's intention to provide SEAs with additional administrative funds to help them meet ARRA data collection requirements without substantially diminishing Title I, part A and IDEA section 611 resources at the LEA level. The Department's proposal for Title I, part A and IDEA section 611 is based on a percentage of the amount each SEA receives under each of these programs through the ARRA. We arrived at the proposed percentages, floors and ceilings following consultations with staff in several SEAs, our own experience with data collections, a review of the ARRA data collection requirements, and consideration of the amounts SEAs can currently reserve for administration under both programs.

The proposal includes (1) A floor to the amount that could be adjusted that would enable SEAs, on average, to add at least the equivalent of one additional full-time-equivalent (FTE) employee for each program, and (2) a ceiling that, although limiting the amount that could be adjusted, would enable SEAs, on average, to add ten FTEs for Title I, part A and five FTEs for IDEA section 611. The Department is proposing a higher percentage for Title I, part A than IDEA section 611 because there are more ARRA-related data collection activities associated with Title I, part A.

#### *Proposed Adjustments*

##### *Title I, Part A:*

Notwithstanding section 1004(b) of the ESEA and 34 CFR 200.100(b)(3), the Secretary proposes under Title I, part A to:

1. *Provide administrative funds to support ARRA data collection excluding data collection for obtaining and*

*implementing Title I, part A waivers related to the ARRA and maintenance of effort.* The Secretary proposes to adjust the statutory cap on State administration under section 1004(b) of the ESEA to permit an SEA to reserve, from its FY 2009 Title I, part A allocation, an amount equal to or less than the figure shown for the SEA in Column 2 in Table 1 to help defray the costs associated with Title I, part A ARRA data collection. The amount shown in Column 2 for each State is equal to .3 percent of the portion of the State's FY 2009 Title I, part A allocation attributable to the ARRA, or \$600,000, whichever is less.<sup>1</sup> A State's amount in Column 2 is \$100,000 if .3 percent of the State's Title I, part A ARRA allocation is less than \$100,000.

2. *Provide administrative funds to support ARRA data collection including data collection for obtaining and implementing Title I, part A waivers related to the ARRA and maintenance of effort.* The Secretary proposes to allow an SEA that requests and receives a waiver under section C (Waivers related to Title I, part A ARRA Funds) or section E (Waivers of Maintenance of Effort for LEAs) of the Department's Non-Regulatory Guidance on Title I, part A Waivers<sup>2</sup> (Title I, part A Waiver Guidance) to reserve a larger amount of additional administrative funds than it would otherwise be permitted to reserve. Specifically, in this case, the Secretary proposes to permit an SEA to reserve, from its FY 2009 Title I, part A allocation, an amount equal to or less than the figure shown for the State in Column 3 in Table 1. These funds can help defray the costs associated with Title I, part A ARRA data collection, including additional data collection costs that an SEA may incur in processing requests from its LEAs that wish to benefit from the SEA's waiver. These additional resources also should provide the SEA with an incentive to use the process for obtaining waivers outlined in the Title I, part A Waiver Guidance.

The amount shown in Column 3 for each State is equal to .5 percent of the portion of the State's FY 2009 Title I, part A allocation attributable to the ARRA, or \$1,000,000, whichever is less. A State's amount in Column 3 is

<sup>1</sup> The U.S. Department of Education's budget page [available at <http://www.ed.gov/about/overview/budget/statetables/10stbyprogram.pdf>] shows the amount each State received in Title I, Part A ARRA funds.

<sup>2</sup> The guidance provides comprehensive information on how to request a waiver of specific statutory and regulatory provisions of Title I, part A and is available at [<http://www.ed.gov/programs/titleiparta/title-i-waiver.doc>].

\$200,000 if .5 percent of the State's Title I, part A ARRA allocation is less than \$200,000.

The amount in Column 2 or 3 that each SEA may reserve, as proposed in this notice, is in addition to the amount

the SEA is able to reserve for State administration under section 1004(b) of the ESEA.

**Note:** An SEA may only reserve additional funds for administration up to the amount shown in Column 3 if it has received a

waiver from the Department under section C or E of the Title I, part A Waiver Guidance. An SEA that has not received such a waiver may only reserve additional funds for administration up to the amount shown in Column 2. (Each column represents a total; the amounts are not cumulative.)

Also, the adjustments in this notice to the amounts an SEA may reserve for administration under Title I, part A and IDEA section 611 do not apply to the reservation of funds for administration in subsequent years (*i.e.*, Title I, part A and IDEA section 611 allocations for Federal Fiscal Year 2010 and beyond).

*Executive Order 12866:*

Under Executive Order 12866, the Secretary must determine whether this regulatory action is “significant” and therefore subject to the requirements of the Executive Order and subject to review by OMB. Section 3(f) of Executive Order 12866 defines a “significant regulatory action” as an action likely to result in a rule that may (1) Have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or tribal governments, or communities in a material way (also referred to as an “economically significant” rule); (2) create serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive order. Pursuant to the Executive order, the Secretary has determined that this regulatory action is significant under section 3(f)(4) of the Executive order.

This notice has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this proposed regulatory action and we have determined that the benefits of the proposed adjustments justify the costs.

We have determined, also, that this proposed regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

*Regulatory Flexibility Act Certification:* The Secretary certifies that this proposed regulatory action will not have a significant economic impact on a substantial number of small entities. The only entities affected by this proposed regulatory action are States, which are not considered small entities.
