

March 6, 2009, after receiving comments on U.S. Customs and Border Protection data, the Department selected Anhui Native Produce Import & Export Corp. (“Anhui Native”) and Qinhuangdao Municipal Dafeng Industrial Co., Ltd. (“QMD”) as the mandatory respondents for this review.

The Department sent its antidumping questionnaire to Anhui Native and QMD on March 9, 2009. The Department was unable to deliver its questionnaire to QMD due to incorrect addresses. See Memorandum to the File from Blaine Wiltse, Case Analyst, RE: Seventh Administrative Review of Honey from the People’s Republic of China (“PRC”): Incorrect Addresses for QMD, dated March 27, 2009. On March 30, 2009, Dongtai Peak Honey Industry Co., Ltd. (“Dongtai Peak”) requested treatment as a voluntary respondent, and submitted its Section A response to the Department. On April 13, 2009, the Department selected Dongtai Peak as a voluntary respondent for this review. On April 14, 2009, Dongtai Peak submitted its Sections C and D response to the Department. On April 15, 2009, Anhui Native withdrew its participation from the current review. On June 8, 2009, and June 16, 2009, the Department sent its Supplemental Sections A, C, and D Questionnaire and its Importer Specific Supplemental Questionnaire to Dongtai Peak. On July 8, 2009, and July 13, 2009, Dongtai Peak submitted its response to the Department’s Importer Specific Supplemental Questionnaire and Supplemental Sections A, C, and D Questionnaire. The preliminary results of this administrative review are currently due on September 2, 2009.

#### Extension of Time Limit for the Preliminary Results

The Department determines that completion of the preliminary results of this review within the statutory time period is not practicable. The Department requires more time to gather and analyze surrogate value information pertaining to this company. Additionally, the Department intends to provide additional time for interested parties to provide comments on supplemental questionnaires and suggested surrogate values. Lastly, the Department requires additional time to analyze the questionnaire responses and to issue additional supplemental questionnaires, if necessary. Therefore, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“Act”), we are extending the time period for issuing the preliminary results of review by 60 days until

November 2, 2009.<sup>1</sup> The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: August 12, 2009.

#### Final Results of Antidumping Duty Changed Circumstances Review: Light-Walled Rectangular Pipe and Tube From Mexico

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On June 18, 2009, the Department of Commerce (the Department) made its preliminary determination that Ternium Mexico S.A. de C.V. (Ternium) is the successor-in-interest to Hylsa S.A. de C.V. (Hylsa) and should be treated as such for antidumping duty cash deposit purposes. See *Notice of Preliminary Results of Antidumping Duty Changed Circumstances Review: Light-Walled Rectangular Pipe and Tube from Mexico*, 74 FR 28887 (June 18, 2009) (*Preliminary Results*). For purposes of these final results of review, the Department has determined that Ternium is the successor-in-interest to Hylsa and, as a result, should be accorded the same treatment previously accorded to Hylsa in regard to the antidumping duty order on light-walled rectangular pipe and tube (LWRPT) from Mexico as of the date of publication of this notice in the **Federal Register**.

**DATES:** *Effective Date:* August 18, 2009.

#### SUPPLEMENTARY INFORMATION:

##### Background

On September 3, 2008, Ternium requested that the Department conduct a changed circumstances review of the antidumping duty order of LWRPT from Mexico to determine whether Ternium is the successor-in-interest to Hylsa and should be treated as such for antidumping duty cash deposit purposes. See *Notice of Initiation of Antidumping Duty Changed Circumstances Review: Light-Walled Rectangular Pipe and Tube from Mexico*, 73 FR 63686 (October 27, 2008) (*Notice of Initiation*). On June 18, 2009, the Department preliminarily determined that Ternium is the successor-in-interest to Hylsa and should be treated as such for antidumping duty cash deposit purposes. See *Preliminary Results*.

On July 13, 2009, the Department published in the **Federal Register** a notice extending the time limit for these final results to August 17, 2009. See *Light-Walled Rectangular Pipe and Tube from Mexico; Extension of Time Limit for Final Results of Antidumping Duty Changed Circumstances Review*, 74 FR 33406 (July 13, 2009).

In the *Preliminary Results*, we stated that interested parties could request a hearing no later than 30 days after the publication of the *Preliminary Results*, submit case briefs to the Department no later than 30 days after the publication of the *Preliminary Results*, and submit rebuttal briefs, limited to the issues raised in those case briefs, five days subsequent to the case briefs’ due date. We did not receive any hearing requests or comments on the *Preliminary Results*.

##### Scope of the Order

The merchandise subject to this order is certain welded carbon quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm.

The term carbon-quality steel includes both carbon steel and alloy steel which contains only small amounts of alloying elements. Specifically, the term carbon-quality includes products in which none of the elements listed below exceeds the quantity by weight respectively indicated: 1.80 percent of manganese, or 2.25 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of

molybdenum, or 0.10 percent of niobium, or 0.15 percent vanadium, or 0.15 percent of zirconium.

The description of carbon-quality is intended to identify carbon-quality products within the scope. The welded carbon-quality rectangular pipe and tube subject to this order is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7306.61.50.00 and 7306.61.70.60. While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this order is dispositive.

#### Final Results of Changed Circumstances Review

Based on the information provided by Ternium, the Department's analysis in the *Preliminary Results*, and the fact that interested parties did not submit any briefs during the comment period, the Department hereby determines that Ternium is the successor-in-interest to Hylsa for antidumping duty cash deposit purposes.

#### Instructions to U.S. Customs and Border Protection

The Department will instruct U.S. Customs and Border Protection to continue to suspend liquidation of all shipments of the subject merchandise produced and exported by Ternium entered, or withdrawn from warehouse, for consumption, on or after the publication date of this notice in the **Federal Register** at 3.76 percent (*i.e.*, Hylsa's cash deposit rate). This deposit requirement shall remain in effect until further notice.

#### Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Tariff Act of 1930, as amended, and 19 CFR 351.216.

Dated: August 11, 2009.

#### SUPPLEMENTARY INFORMATION:

##### Background

On September 3, 2008, Ternium requested that the Department conduct a changed circumstances review of the antidumping duty order on standard pipe and tube from Mexico to determine whether Ternium is the successor-in-interest to Hylsa and should be treated as such for antidumping duty cash deposit purposes. See *Notice of*

*Initiation of Antidumping Duty Changed Circumstances Review: Circular Welded Non-Alloy Steel Pipe and Tube*, 73 FR 63682 (October 27, 2008) (*Notice of Initiation*). On June 18, 2009, the Department made its preliminary determination that Ternium is the successor-in-interest to Hylsa and should be treated as such for antidumping duty cash deposit purposes. See *Preliminary Results*.

On July 14, 2009, the Department published in the **Federal Register** a notice extending the time limit for these final results to August 17, 2009. See *Circular Welded Non-Alloy Steel Pipe and Tube from Mexico; Extension of Time Limit for Final Results of Antidumping Duty Changed Circumstances Review*, 74 FR 33994 (July 14, 2009).

In the *Preliminary Results*, we stated that interested parties could request a hearing no later than 30 days after the publication of the *Preliminary Results*, submit case briefs to the Department no later than 30 days after the publication of the *Preliminary Results*, and submit rebuttal briefs, limited to the issues raised in those case briefs, five days subsequent to the case briefs' due date. We did not receive any hearing requests or comments on the *Preliminary Results*.

#### Scope of the Order

The products covered by this order are circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low-pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning units, automatic sprinkler systems, and other related uses, and generally meet ASTM A-53 specifications.

Standard pipes and tubes may also be used for light load-bearing applications, such as for fence tubing, and as structural pipe tubing used for framing and support members for reconstruction or load-bearing purposes in the construction, shipbuilding, trucking, farm equipment, and related industries. Unfinished conduit pipe is also included in this order. All carbon steel pipes and tubes within the physical description outlined above are included within the scope of this order, except line pipe, oil country tubular goods, boiler tubing, mechanical tubing, pipe and tube hollows for redraws, finished
