SUPPLEMENTARY INFORMATION:

Background

The Codex Alimentarius Commission (Codex) was established in 1963 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex

seeks to protect the health of consumers and ensure that fair practices are used in trade.

The CCNFSDU was established to study specific nutritional problems assigned to it by the Codex and advise the Codex on general nutritional issues; to draft general provisions as appropriate, concerning the nutritional aspects of all foods; to develop standards, guidelines, or related texts for foods for special dietary uses, in cooperation with other committees when necessary; and to consider, amend if necessary, and endorse provisions on nutritional aspects proposed for inclusion in Codex standards, guidelines, and related texts. The Committee is hosted by the Federal Republic of Germany.

Issues To Be Discussed at the Public Meeting

The following items on the agenda for the 31st Session of the Committee will be discussed during the public meeting:

- Matters Referred to the Committee from Other Codex Bodies.
 - List of Methods for Dietary Fiber.

 - Proposal to Revise the Codex Guidelines on Formulated Supplementary Foods for Older Infants and Young Children (Revised).
 - Discussion Paper on Nutrient Reference Values for Nutrients Associated with Risk of Noncommunicable Diseases.
- Each issue listed will be fully described in documents distributed, or to be distributed, by the Secretariat prior to the meeting. Members of the public may access copies of these documents at <http://www.codexalimentarius.net/current.asp>.

Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it online through the FSIS Web page located at http://www.fsis.usda.gov/regulations/2009_Notices_Index/. FSIS will also make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to constituents and stakeholders. The FSIS Constituent Update is communicated via Listserv, a free electronic mail subscription service for industry, trade groups, consumer interest groups, health professionals, and other individuals who have asked to be included. The FSIS Constituent Update is also available on the FSIS Web page. Through the Listserv and Web page, FSIS is able to provide information to a much broader and more diverse audience.
