

pumpout and restroom facilities. Operations are 8 a.m. to 5 p.m., 7 days/week from April through December.

Porpoise Cove

Porpoise Cove Marina (Deltaville, VA) is located at the southern end of Porpoise Cove on the north shore of the Piankatank River. There are 21 slips with potable water, electricity, solid waste containers, a dump station, and restroom facilities. The marina is under contract with the VDH Marina program to build a new pumpout station in 2009. No times listed; the facility is under construction.

The Commonwealth of Virginia Sanitary Regulations for Marinas and Boat Moorings specifies requirements for facility design and operation. Routine health department inspections and performance tests are performed to ensure that facilities are available and functioning properly. The Virginia State Water Control Law Section 62.1-44.33 addresses vessel discharges and authorizes the State Water Control Board to adopt regulations controlling discharges from boats, which are listed and defined in 9 VAC 25-71-70, which also addresses, defines and designates No Discharge Zones (9VAC 25-71-60).

Broken pumpout stations can be reported to the Virginia Department of Health by calling 1-800-ASK-FISH. These regulations also address treatment of collected vessel sewage from pumpouts and dump stations. In compliance with these regulations, all wastes from marinas within the Broad and Jackson Creeks and Fishing Bay are collected in and transported by haulers who deliver them to municipal waste treatment facilities or private facilities permitted under the Commonwealth of Virginia Pollutant Discharge Elimination System for final treatment and disposal.

According to the Commonwealth of Virginia's application there are approximately 631 vessels operating in the Deltaville, VA area (551 registered and 80 documented) on any given day based on boater registrations and observations. Transient boat population was not included in the VDH or VDEQ field reconnaissance. Based on this information, it is assumed that most transient boats are brought in by trailer. Most of these boats would not be of a size expected to have a holding tank. Transient boat counts have been estimated based on boat information given by the operators of the marinas in the Broad and Jackson Creeks and Fishing Bay areas.

The estimated vessel population in all of the affected areas is based on length: 297 vessels less than 16 feet in length,

537 vessels between 16 feet and 26 feet in length, 1,239 vessels between 27 feet and 40 feet in length, and 42 vessels greater than 40 feet in length. Based on the number and size of vessels and EPA guidance for State and local officials to estimate the number of vessels with holding tanks, three (3) pumpouts and one dump station are needed for Broad Creek. Currently, there are eleven (11) pumpout facilities and nine (9) dump stations in Broad Creek. In Jackson Creek, four (4) pumpouts and one (1) dump station are required while six (6) pumpouts and three (3) dump stations exist. For Fishing Bay and the adjacent waters of Porpoise Cove and Moore Creek, two (2) pumpouts and one (1) dump station were required, while there are now two (2) pumpouts and two (2) dump stations currently available.

Using the VDH submitted calculations and information, there are sufficient numbers of pumpout facilities and dump stations at the marinas in the waters in and around the affected areas to adequately service marine sanitary needs. These facilities are easily accessible to all vessels and provide safe and sanitary wastewater removal and treatment.

EPA hereby makes a final affirmative determination that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the Broad and Jackson Creeks, the Fishing Bay and Porpoise Cove and Moore Creek areas, in and around Deltaville Virginia. The Commonwealth of Virginia has demonstrated that there is adequate and sufficient law enforcement capability of these regulations. The Commonwealth has also submitted data to document that local citizens, advocacy groups, and marina personnel are concerned about the adverse impacts from vessel sanitary discharges into the Broad and Jackson Creeks and Fishing Bay, and adjacent areas. In response to public meetings in May and June 2008, professional and public comments were all supportive of the decision to designate the affected areas as a no discharge zone. There were sufficient agency and environmental groups' comments to also support these measures.

Finding

The EPA hereby makes a final affirmative determination that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the Broad Creek, Jackson Creek and Fishing Bay Watersheds. This final determination will result in a Virginia state prohibition of any sewage discharges, whether treated or not, from

vessels in the Broad Creek, Jackson Creek and Fishing Bay Watersheds.

Dated: August 6, 2009.

William C. Early,

Acting Regional Administrator.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8947-1]

Gulf of Mexico Program Citizens Advisory Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for Nominations to the Citizens Advisory Committee.

SUMMARY: The U.S. Environmental Protection Agency, Gulf of Mexico Program Office (Gulf Program) invites nominations from a diverse range of qualified candidates to be considered for appointment to the Citizens Advisory Committee (Committee). It is anticipated that vacancies will be filled by the end of the 2009 calendar year. Additional sources may be utilized in the solicitation of nominees.

Background: The Citizens Advisory Committee is a standing Advisory Subcommittee established by the Environmental Protection Agency (EPA) as a part of the EPA Gulf of Mexico Program under the Federal Advisory Committee Act (FACA) charter for the Policy Review Board (PRB). The function of the Citizens Advisory Committee is to provide guidance, advice, and support for the Gulf of Mexico Program. The Committee is composed of 25 members drawn from the areas of environment, business and industry, agriculture, fishing and tourism. Members of the Committee are from the Gulf Coast States of Alabama, Florida, Louisiana, Mississippi, and Texas. The Committee usually meets three times annually. Members serve on the Committee in a voluntary capacity. However, EPA provides reimbursement for travel expenses associated with attending official FACA meetings.

The Gulf Program is seeking nominations from all sectors, including academia, industry, non-governmental organizations, and State, local and tribal governments to represent Alabama in the areas of agriculture and fisheries; Florida in the areas of fisheries and business/industry; Louisiana in the areas of agriculture and fisheries; and Mississippi in the areas of agriculture, fisheries, and tourism. Nominees will be considered according to the mandates of

FACA, which requires committees to maintain diversity across a broad range of constituencies, sectors, and groups.

The following criteria will be used to evaluate nominees:

- Possess a strong interest in furthering and achieving the goals and objectives of the Gulf Program.
- Willingness to assume responsibility to communicate the Gulf Program's policies/priorities with persons of their respective area.
- Serve as an advocate and voice for their respective area and report on issues of concern to the Gulf Program.
- Excellent interpersonal, oral and written communication skills.
- Extensive professional knowledge of the Gulf of Mexico, environmental policies, practices and technologies that are essential to preserving the Gulf.

Nominations must include a resume and a short biography describing the professional and educational qualifications of the nominee, as well as the nominee's current business address, e-mail addresses, and daytime telephone number. Interested candidates may self-nominate.

ADDRESSES: Submit nominations to: Gloria Car, Designated Federal Officer, Gulf of Mexico Program, Mail Code EPA/GMP, Bldg. 1100, Rm. 232, Stennis Space Center, MS 39529-6000. You may also e-mail nominations to car.gloria@epa.gov.

FOR FURTHER INFORMATION CONTACT: Gloria D. Car, Designated Federal Officer, Gulf of Mexico Program Office, Mail Code EPA/GMPO, Bldg. 1100, Rm. 232, Stennis Space Center, MS 39529-6000 at (228) 688-2421.

Dated: August 13, 2009.

Gloria D. Car,

Designated Federal Officer.

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than September 14, 2009.

A. Federal Reserve Bank of St. Louis (Glenda Wilson, Community Affairs Officer) P.O. Box 442, St. Louis, Missouri 63166-2034:

1. *Farmers and Merchants Bancorp, Inc.*, Hannibal, Missouri; to become a bank holding company through the conversion of its thrift subsidiary, F&M
