POLICY JUSTIFICATION

Egypt – CH-47D CHINOOK Helicopters

The Government of Egypt has requested a possible sale of 6 CH-47D CHINOOK Helicopters, 16 T55-GA-714A engines, 8 AN/APR-39A(V)1 Radar Signal Detecting Sets with Mission Data Sets, 8 AN/APX-117 Transponders with TS-4530 Interrogator/Transponder Test Sets, 8 AN/ARC-220 (RT-1749) High Frequency Aircraft Communication Systems, flight and radar signal simulators, 3 M978A4 HEMTT Fuel Tanker trucks, 2 Fork Lift trucks, repair and return, transportation, site survey, construction and facilities, spare and repair parts, support equipment, personnel training and training equipment, publications and technical documentation, U.S. Government and contractor technical support, and other related elements of program support. The estimated cost is \$308 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been and continues to be an important force for political stability and economic progress in the Middle East.

Egypt will use the CH-47D in support of its armed forces, disaster relief efforts, and joint exercises with U.S. forces in the region. Egypt will have no difficulty absorbing these helicopters into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractors will be The Boeing Helicopter Company in Philadelphia, PA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of one U.S. contractor field service representative in Egypt to provide support for a period of one year with an option for two additional years. Four additional contractor representatives and one U.S. Government representative will be required for quality assurance roles for aircraft delivery for a period of one week.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 09-43**Notice of Proposed Issuance of Letter of Offer
Pursuant to Section 36(b)(1)
of the Arms Export Control Act****Annex
Item No. vii****(vii) Sensitivity of Technology:**

1. The CH-47D CHINOOK Helicopter includes the following sensitive and/or classified (up to and including Secret) components:

a. The AN/APR-39A(V)1 Radar Signal Detecting Set is a system, that provides warning of a radar directed air defense threat and includes appropriate countermeasures. This is the 1553 databus compatible configuration. The hardware is classified Confidential when programmed with U.S. threat data; releasable technical manuals for operation and maintenance are classified Confidential; and releasable technical data (technical performance) is classified Secret.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or could be used in the development of a system with similar or advanced capabilities.
