

construct a dam and 2,040 acre lake on Yellow Creek in central Lamar County, Alabama, just north of the City of Vernon. The purpose of the proposed lake is for public water supply for Lamar County and the surrounding areas. Construction of the project as proposed would require impacts to approximately 1,660 acres of wetlands and 31.2 miles of streams. The project is in the initial stages of planning.

2. Alternatives to the applicants' proposals may exist which would reduce impacts to the surrounding aquatic environment. These could include, but are not restricted to: Considering alternate site locations for the lake, alternate site layouts that may have less impact on the environment, or pursuing alternate sources of water for Lamar County and surrounding areas. The scoping and evaluation phase of the EIS process will help in the determination of reasonable alternatives to be evaluated for the project.

3. *Scoping*: a. The Corps invites full public participation to promote open communication on the issues surrounding the proposal. The scoping process is a key part of the public outreach and involvement phase. All Federal, State, and local agencies, and other persons or organizations that have an interest are urged to participate in the NEPA scoping process. As part of the process, a public meeting will be held to receive public input and comment which will be used to assist in the identification of significant issues associated with the proposed water supply lake. A public meeting will be held at the Lamar County Courthouse in Vernon, AL on October 15, 2009. Public meetings will also be advertised through various media outlets at least 30 days prior to the meeting date.

b. The DEIS will analyze the potential social, economic, and environmental impacts to the local area resulting from the proposed project and alternatives. Specifically, the following major issues will be analyzed in the DEIS:

Hydrologic and hydraulic regimes, threatened and endangered species, fish and wildlife habitat, wetlands and stream resources, essential fish habitat, and other air quality, cultural resources, wastewater treatment capacities and discharges, drainage discharges, transportation systems, alternatives, secondary and cumulative impacts, socioeconomic impacts, environmental justice (effect on minorities and low-income groups) (Executive Order 12898), and protection of children (Executive Order 13045).

c. The Corps will serve as the lead Federal agency in the preparation of the DEIS. The Corps intends to coordinate

and/or consult with an interagency team of Federal and State agencies during scoping and preparation of the DEIS. A decision will be made during the scoping process whether other agencies will serve in an official role as cooperating agencies.

4. It is anticipated that the DEIS will be made available for public review in December 2010.

Craig J. Litteken,

Chief, Regulatory Division.

BILLING CODE 3720-58-P

DEPARTMENT OF DEFENSE

Department of the Army

Final Environmental Impact Statement (EIS) in Support of the Real Property Master Plan and Real Property Exchange for Camp Parks, Dublin, CA

AGENCY: Department of the Army, DoD.

ACTION: Notice of Availability.

SUMMARY: U.S. Army Garrison, Camp Parks, with cooperation from the National Aeronautics and Space Administration (NASA), has prepared a Final EIS to evaluate alternatives for future development as part of a Real Property Master Plan (RPMP) at Camp Parks. Alternatives evaluated in the Final EIS include changes to land use for construction and training, and a Real Property Exchange (RPX) between Camp Parks and a developer in the surrounding community. The RPMP presents a land-use redevelopment plan for the Camp Parks cantonment area, with approximately 180 acres being transferred out of Federal ownership (approximately 171.5 acres is controlled by the U.S. Army and 8.5 acres is controlled by NASA).

DATES: The waiting period for the Final EIS will end 30 days after publication of an NOA in the **Federal Register** by the Environmental Protection Agency.

ADDRESSES: To request a copy of the Final EIS, contact: U.S. Army Garrison Camp Parks, Environmental Office, Building 791 5th Street, Dublin, CA 94568-5201.

FOR FURTHER INFORMATION CONTACT: Army property: Mr. Paul, (925) 875-4682, or e-mail at

Paul.kot@usar.army.mil. NASA property: Dr. Ann Clarke, (650) 604-2350, or e-mail *Ann.Clarke@nasa.gov*.

SUPPLEMENTARY INFORMATION: The FEIS evaluates three alternatives to support the redevelopment and land exchange of Camp Parks: (1) No Action Alternative—under which there would be no

comprehensive plan or vision for overall Camp Parks development, but redevelopment would occur ad hoc as funds become available, and facilities would remain largely unchanged; (2) Slow Growth Alternative—under which Camp Parks would retain all its land holdings and gradually move toward developing facilities and activities identified in the RPMP with the southern cantonment area remaining an opportunity site for future planning; and (3) Accelerated Modernization Alternative (Preferred Alternative and the Proposed Action)—under which the construction of new facilities and ranges included in the RPMP would be partially funded using the value of the land exchange (180 acres of the southern cantonment area) from Federal to private ownership. The remainder of RPMP construction at Camp Parks would be programmed as military construction projects. NASA's in holding would be sold and proceeds of the sale would be used at its NASA-Ames Research Center, Moffett Field, California.

Camp Parks has prepared a RPMP that proposes a program for revitalizing the installation infrastructure and accelerating facility replacements. The RPMP proposes approximately 1.3 million square feet of new buildings/structures and approximately 370,000 square feet of parking area. The majority of the existing structures on Camp Parks were intended to be temporary when originally constructed and are considered inadequate for today's military personnel and lifestyles. The RPMP proposes the modernization of facilities to meet the troop training requirements and amenities that are consistent with the private sector.

The Final EIS concludes that the No Action Alternative is not reasonable based on the antiquated infrastructure and buildings requiring excessive maintenance. The Final EIS also concludes that the Slow Growth Alternative (the incremental modernization using the existing cantonment area) is not reasonable since facility/activity upgrades would be prioritized and dependent on annual funding from Military Construction Army Reserve (MCAR) allocations and project proponents. MCAR funds are appropriated on an availability basis, which is not a regular or consistent occurrence.

The Army's Preferred Alternative is the accelerated modernization of a redeveloped and compacted cantonment area using the value of the land exchange to partially fund RPMP construction activities. This alternative allows for a quick implementation of the

RPMP, while providing the necessary facilities and infrastructure upgrades for adequate training of military personnel in the Bay Area.

Potential impacts from this action would include loss of non-native grasslands and modification of wetlands; loss of special-status species; traffic congestion at the Dublin Boulevard/Dougherty Road intersection; and air quality, socioeconomic, and visual impacts. Proposed mitigation measures are identified to reduce the severity and extent of potential impacts. A copy of the Final EIS is available at <http://www.liggett.army.mil>.

Dated: August 14, 2009.

Addison D. Davis, IV,

*Deputy Assistant Secretary of the Army
(Environment, Safety and Occupational Health).*

BILLING CODE M

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before September 21, 2009.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503, be faxed to (202) 395-5806 or send e-mail to oir_submission@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Information Collection Clearance

Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: August 17, 2009.

Angela C. Arrington,

Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management.

Institute of Education Sciences

Type of Review: Revision.

Title: PEQIS Survey on Students with Disabilities at Postsecondary Education Institutions.

Frequency: One time.

Affected Public: Individuals or Households; Not-for-profit institutions; State, local or Tribal Gov't.

Reporting and Recordkeeping Hour Burden:

Responses: 1,600.

Burden Hours: 800.

Abstract: This Postsecondary Education Quick Information System (PEQIS) survey is being conducted to provide the Office of Special Education and Rehabilitative Services (OSERS), U.S. Department of Education, with current information about students with disabilities at postsecondary institutions. The survey will be sent to approximately 1,600 postsecondary institutions which include 2-year and 4-year schools (including graduate level institutions). The purpose of the survey is to provide information to the U.S. Department of Education about students with disabilities at postsecondary institutions and the services, accommodations and institutional accessibility provided to these students.

Requests for copies of the information collection submission for OMB review may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 4112. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue, SW., LBJ, Washington, DC 20202-4537. Requests may also be electronically

mailed to the Internet address ICDocketMgr@ed.gov or faxed to 202-401-0920. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

DEPARTMENT OF EDUCATION

Office of Postsecondary Education; Overview Information; Jacob K. Javits Fellowship Program; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2010

Catalog of Federal Domestic Assistance (CFDA) Number: 84.170A.

Dates:

Applications Available: August 21, 2009.

Deadline for Transmittal of Applications: October 5, 2009.

Deadline for Transmittal of the Free Application for Federal Student Aid (FAFSA): January 31, 2010.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Jacob K. Javits (JKJ) Fellowship Program is to award fellowships to eligible students of superior ability, selected on the basis of demonstrated achievement, financial need, and exceptional promise, to undertake graduate study in specific fields in the arts, humanities, and social sciences leading to a doctoral degree or to a master's degree in those fields in which the master's degree is the terminal highest degree awarded to the selected field of study at accredited institutions of higher education. The selected fields in the arts are: creative writing, music performance, music theory, music composition, music literature, studio arts (including photography), television, film, cinematography, theater arts, playwriting, screenwriting, acting, and dance. The selected fields in the humanities are: art history (including architectural history), archeology, area studies, classics, comparative literature, English language and literature, folklore, folk life, foreign languages and literature, history, linguistics, philosophy, religion (excluding study of religious vocation), speech, rhetoric, and debate. The selected fields in the
