**Agency Information Collection
Activities: Submission for OMB
Review; Comment Request**

AGENCY: Centers for Medicare & Medicaid Services.

In compliance with the requirement of section 3506(c)(2)(A) of the

Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's function; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. Type of Information Collection
Request: Revision of the currently approved collection.

Title of Information Collection: Collection of Drug Event Data From Contracted Part D Providers for Payment.

Use: In December 2003, Congress enacted the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 referred to as the Medicare Modernization Act (MMA). The Medicare Prescription Drug Benefit program (Part D) was established by section 101 of the MMA and is codified in section 1860D-1 through 1860D-41 of the Social Security Act. Effective January 1, 2006, the Part D program establishes an optional prescription drug benefit for individuals who are entitled to Medicare Part A and/or enrolled in Part B. Part D plans have flexibility in terms of benefit design. This flexibility includes, but is not limited to, authority to establish a formulary that limits coverage to specific drugs within each therapeutic class of drugs, and the ability to have a cost-sharing structure other than the statutorily defined structure (subject to certain actuarial tests). Coverage under the new prescription drug benefit is provided predominately through private at-risk prescription drug plans that offer drug-only coverage (PDPs), Medicare Advantage (MA) plans that offer integrated prescription drug and health care coverage (MA-PD plans) or through Cost Plans that offer prescription drug benefits.

The transmission of the data will be in an electronic format. The information users will be Pharmacy Benefit Managers (PBM), third party administrators and pharmacies and the PDPs, MA-PDs, Fallbacks and other plans that offer coverage of outpatient
