DEPARTMENT OF AGRICULTURE

Farm Service Agency

Notice of Funds Availability (NOFA) To Invite Applications for the American Indian Credit Outreach Initiative

AGENCY: Farm Service Agency, USDA.

ACTION: Notice.

SUMMARY: The Farm Service Agency (FSA) is requesting applications for competitive cooperative agreement funds for Fiscal Year (FY) 2010 for the credit outreach initiative targeted to American Indian farmers, ranchers, and youth residing primarily on Indian reservations within the contiguous United States. Subject to the availability of appropriations, FSA anticipates the availability of up to \$1,135,000 in funding and the award to one successful applicant through a Cooperative Agreement. This request for

applications is being made prior to passage of an FY 2010 appropriations bill to allow applicants sufficient time to submit proposals, give the Agency maximum time to process applications, and permit continuity of this program. There is no certainty that there will be appropriated funds to fund these applications, so applicants submitting applications prior to the availability of appropriated funds do so at the risk that there may be no funding. FSA requests proposals from eligible nonprofit organizations, land-grant institutions, and federally-recognized Indian tribal governments interested in a competitively-awarded cooperative agreement to create and implement a mechanism that will provide credit outreach and promotion, pre-loan education, and one-on-one loan application preparation assistance to American Indian farmers, ranchers, and youth. Successful proposals may include other innovative services intended to enhance participation by American Indians in specific FSA Agricultural Credit Programs.

DATES: Applications must be completed and submitted to the Agency no later than 5 p.m. eastern time September 28, 2009. Late applications will not be accepted and will be returned to the applicant. Applicants must ensure that the service used to deliver the application can do so by the deadline. Due to security concerns, packages sent to the Agency by mail have been delayed several days or even weeks.

ADDRESSES: Submit applications and other required materials by mail to: Mike Hill, Director, Outreach Staff, Farm Service Agency, USDA, STOP 0511, Suite 508 Portals Building, 1400 Independence Avenue, SW., Washington, DC 20250-0511.

FOR FURTHER INFORMATION CONTACT:

Mike Hill, (202) 690-1098; e-mail: mike.hill@wdc.usda.gov.

SUPPLEMENTARY INFORMATION:

Purpose of Solicitation

This solicitation is issued under 7 U.S.C. 2204b (b)(4), which authorizes the Secretary of Agriculture to enter into cooperative agreements to improve the coordination and effectiveness of Federal programs affecting rural areas. The principal objective of this cooperative agreement is to continue a national outreach program that enables American Indian farmers, ranchers, and youth primarily located on Indian reservations in the contiguous United States to understand and have access to the various FSA Agriculture Credit Programs.

Proposal Requirements

All proposed approaches must include a plan for how the project will have the following capabilities in place within three months after acceptance of award:

(1) A data tracking system that records and tracks all project credit outreach activities and has the ability to provide detailed statistical information on an ad hoc basis, that must also be functional on a real-time basis as well as being available online through the Internet, and

(2) The demonstrated ability to deliver these credit outreach services utilizing the FSA online Farm Business Plan software program.

Proposals must demonstrate innovative and unique ways of ensuring that American Indians have improved access to FSA Agricultural Credit Programs through targeted outreach activities including targeted promotional campaigns, educational

programs, general information dissemination, and one-on-one assistance.

Background

Today, American Indians own and control approximately 66 million acres of agricultural lands held in trust by the United States Government and administered, for the most part, by the Bureau of Indian Affairs (BIA) of the Department of the Interior. Land-based agricultural enterprises are considered the primary source of revenue for most tribes, due in large part to their geographical isolation from any urban type industrial development activities. Thus, protecting this resource and utilizing it effectively is an important function of the elected tribal officials charged with operating business activities that take place within reservations.

The United States Department of Agriculture (USDA) provides farmers and ranchers technical, financial, and educational resources. American Indian agricultural producers on reservations have historically been less able to benefit from USDA services than other farmers and ranchers. Since 1987, Congress has enacted Federal laws, such as the recent Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246, 2008 Farm Bill), to address American Indians (and other socially disadvantaged farmers and ranchers) lack of access to USDA's programs and services; this has resulted in beginning to close some of the gaps in access to these programs and services. As positive as these changes are, they have not fully addressed an implementation plan or the funds needed to carry out implementation of sorely needed agribusiness education and direct services to American Indian Reservation farmers and ranchers.

American Indian agribusinesses, as well as individual Indians, have consistently reported that the primary need in Indian agriculture is access to the capital required to own and operate their own farms or ranches. Therefore, FSA has created and implemented this cooperative funding mechanism to provide credit outreach and other related training and assistance services related to FSA's Agricultural Credit Programs, subject to funding, as a way to resolve some of the credit needs of Indian agriculture.

Evaluation Criteria, Proposal Review

A National Office panel of USDA employees will review applications for eligibility, completeness, and responsiveness to this NOFA. Incomplete or non-responsive applications will be returned to the applicant and not evaluated further. If the submission deadline has not expired and time permits, ineligible applications may be returned to the applicants for possible revision.

The proposal will be evaluated using the criteria specified below. Failure to address any one of the criteria will disqualify the application. All proposals must be in compliance with this NOFA and applicable statutes.

Prior to technical examination, a preliminary review will be made by

FSA Outreach Staff for responsiveness to this solicitation. Proposals that do not fall within the solicitation guidelines or are otherwise ineligible will be eliminated from competition. All responsive proposals will be reviewed by a panel of reviewers using the evaluation criteria stated below. The selected USDA employee reviewers will be chosen to provide maximum expertise and objective judgment in the evaluation of proposals. Evaluated proposals will be ranked by the FSA Outreach Staff based on the evaluation criteria and weights listed below. Final approval of those proposals will be made by the Administrator of FSA, subject to the availability of funding.

Evaluation Criteria and Weights

All responsive proposals will be reviewed based on the following seven criteria:

(1) Applicant's Commitment and Resources (15 points). The standard evaluates the degree to which the organization is committed to the project, and the experience, qualifications, competency, and availability of personnel and resources to direct and carry out the project. In addition, the applicant must demonstrate its ability to deliver credit outreach services utilizing the FSA online Farm Business Plan software program within 3 months after acceptance of any financial award.

(2) Feasibility and Policy Consistency (20 points). The standard evaluates the degree to which the proposal clearly describes its objectives and evidences a high level of feasibility. This criterion relates to the adequacy and soundness of the proposed approach to the solution of the problem and evaluates the plan of operation, timetable, evaluation, and dissemination plans.

(3) Detailed Description of Collaborative Partnerships, if any, and Program Recipients (20 points). This standard evaluates the degree to which the proposal reflects partnerships and collaborative initiatives with other agencies or organizations to enhance the quality and effectiveness of the program. Additionally, the areas and number of underserved American Indian farmers, ranchers, and youth who would benefit from the services offered will be evaluated.

(4) Outreach to Socially Disadvantaged American Indian Applicants (10 points). This standard evaluates the degree to which the proposal contains detailed programs to reach persons identified as socially disadvantaged American Indian farmers, ranchers, and youth. The proposal will be evaluated for its potential for encouraging and assisting socially

disadvantaged American Indian farmers, ranchers, and youth to utilize the various FSA agriculture credit programs. Elements considered include impact, continuation plans, innovation, and expected products and results.

(5) Innovative Strategies (25 points). This standard evaluates the degree to which the proposal reflects innovative strategies for reaching the population targeted in the proposal and achieving the project objectives. This standard will also evaluate data tracking capability. For data tracking, the standard evaluates evidence that the applicant has the ability to put in place within 3 months of award a data tracking system that can record and track all credit outreach activities and the ability to provide detailed statistical information on an ad hoc basis, with additional evidence supporting the system's ability to function on a real-time basis as well its ability to be available online through the Internet. For innovative solutions, the standard evaluates originality, practicality, and creativity in proposing ways to develop and test innovative solutions to existing or anticipated credit issues or problems of socially disadvantaged American Indian farmers, ranchers, and youth. The proposal will be reviewed for its responsiveness to the need to provide socially disadvantaged American Indian farmers, ranchers, and youth with promotion, relevant information, and direct assistance in applying for and receiving FSA agriculture credit, and other essential information to enhance participation in agricultural programs and conduct a successful farming or ranching operation.

(6) Overall Quality of the Proposal (5 points). This standard evaluates the degree to which the proposal complies with this NOFA and is of high quality. Elements considered include adherence to instructions, accuracy and completeness of forms, clarity and organization of ideas, thoroughness and sufficiency of detail in the budget narrative, specificity of allocations between targeted areas if the proposal addresses more than one area, and completeness of vitae for all key personnel associated with the project.

(7) Accuracy of Proposed Budget and Justification (5 points). This standard evaluates the accuracy of the proposed budget and the accompanying budget justification. The proposed budget should provide a detailed description of each budget category that includes categorical subtotals as well as a separate budget justification that clearly defines and explains each and every proposed budget line item.

Selection Process

When the reviewers have completed their individual evaluations, the panel reviewers, based on the individual reviews, will make a recommendation to the Administrator that one responsive proposal be approved for support from available funds. Prior to award, the Administrator reserves the right to negotiate with an applicant whose project is recommended for funding regarding project revisions (for example, change in scope of work or the Agency's significant involvement), funding level, or period of support. A proposal may be withdrawn at any time before a final funding decision is made.

Cooperative Agreement Awards

Within the limit of funds available for such purpose, the Administrator will enter into a cooperative agreement with the successful applicant. The date specified by the Administrator as the effective date of the award will not be later than 12 months after the project is approved for support and funds are appropriated for such purpose, unless otherwise permitted by law.

When to Submit an Application

The deadline for receipt of all applications is 5 p.m. eastern time September 28, 2009. The Agency will not accept any application received after the deadline.
