II. Background

In the **Federal Register** of July 9, 2009 (74 FR 33030), FDA published a final rule, "Prevention of Salmonella Enteritidis in Shell Eggs During Production, Storage, and Transportation," that requires shell egg producers to implement measures to prevent SE from contaminating eggs on the farm and from further growth during storage and transportation, and requires these producers to maintain records concerning their compliance with the rule and to register with FDA. FDA took this action because SE is among the leading bacterial causes of foodborne illness in the United States, and shell eggs are a primary source of human SE infections. The final rule will reduce SE-associated illnesses and deaths by reducing the risk that shell eggs are contaminated with SE.

This document announces two public meetings as part of the agency's planned outreach initiatives regarding the final rule.

SUPPLEMENTARY INFORMATION:

I. Background

Section 1602 of the American Recovery and Reinvestment Tax Act of 2009 (Act) (Pub. L. 111-5) (hereinafter Section 1602) allows State housing credit agencies to elect to receive payments in lieu of low-income housing credits under section 42 of the Internal Revenue Code. Payments must be used to make subawards to finance the construction or acquisition and rehabilitation of qualified low-income

buildings. The United States Department of the Treasury (Treasury) awards Section 1602 funds to State housing credit agencies in an amount equal to their low-income housing grant election amount which may not exceed a portion of the States' low-income housing tax credit ceiling for 2009.

Section 1602(d) of the Act requires that State housing credit agencies return to the Treasury funds not used to make subawards before January 1, 2011. The Terms and Conditions promulgated by the Treasury to govern the program require that any funds not disbursed before January 1, 2011, be returned to the Treasury. Upon further consideration Treasury has determined that this requirement is overly restrictive and may preclude funding of otherwise eligible projects that may not reach final completion by the end of 2010. This rule therefore changes this requirement. Under this rule set forth at 31 CFR part 32, State housing credit agencies are required to return to the Treasury any funds not used to make subawards by December 31, 2010. However, once a subaward has been made, a State can continue to disburse funds for the subaward through December 31, 2011, provided the project is at least 30 percent complete by the end of 2010.

II. Procedural Analyses

Administrative Procedures Act

This rule is being issued without prior public notice and comment because under 5 U.S.C. 553(b) and (d)(3) good cause exists to determine that prior notice and comment rulemaking is unnecessary and contrary to the public interest. The policy being implemented through this rule impacts procedural requirements imposed on State housing credit agencies that receive funds from the Federal government under Section 1602 and does not adversely affect the rights of the public. Additionally, delay in the effective date of this rule is contrary to the public interest because without clarity regarding the time period within which State housing credit agencies may disburse funds under the program, State housing credit agencies are unable to make decisions regarding which projects to fund thereby delaying the construction or rehabilitation of low-income housing.

Request for Comment on Plain Language

Executive Order 12866 requires each agency in the Executive branch to write regulations that are simple and easy to understand. We invite comment on how to make the interim rule clearer. For example, you may wish to discuss: (1)

Whether we have organized the material to suit your needs; (2) whether the requirements of the rules are clear; or (3) whether there is something else we could do to make these rules easier to understand.

Regulatory Planning and Review

The rule is a "significant regulatory action" as defined in Executive Order 12866. Accordingly, the rule has been reviewed by the Office of Management and Budget.

Regulatory Flexibility Act Analysis

Because no notice of rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

List of Subjects in 31 CFR Part 32

Low-income housing tax credits.

■ For the reasons set forth in the preamble, we add 31 CFR Part 32 to read as follows:

PART 32—PAYMENTS IN LIEU OF LOW INCOME HOUSING TAX CREDITS

Sec.

32.1. Timing of disbursements.

Authority: Public Law 111–5.

§ 32.1 Timing of disbursements.

(a) State housing credit agencies that receive funds under section 1602 of Division B of the American Recovery and Reinvestment Tax Act of 2009 must make subawards to subawardees to finance the construction or acquisition and rehabilitation of low-income housing no later than December 31, 2010. Any funds that are not used to make subawards by December 31, 2010, must be returned to the Treasury by January 1, 2011.

(b) The requirement in subsection (a) above does not prevent State housing credit agencies from continuing to disburse funds to subawardees after December 31, 2010 provided:

(1) A subaward has been made to the subawardee on or before December 31, 2010;

(2) The subawardee has, by the close of 2010, paid or incurred at least 30 percent of the subawardee's total adjusted basis in land and depreciable property that is reasonably expected to be part of the low-income housing project; and

(3) Any funds not disbursed to the subawardee by December 31, 2011, must be returned to the Treasury by January 1, 2012.

Dated: August 19, 2009.

Acting Fiscal Assistant Secretary.

TRICARE; Reimbursement of Critical Access Hospitals (CAHs)

AGENCY: Office of the Secretary, Department of Defense.

ACTION: Final rule.

SUMMARY: This rule implements the statutory provisions that TRICARE payment methods for institutional care be determined to the extent practicable in accordance with the same reimbursement rules as those that apply to payments to providers of services of the same type under Medicare. This final rule implements a reimbursement methodology similar to that furnished to Medicare beneficiaries for services provided by critical access hospitals (CAHs).

DATES: *Effective Date:* This rule is effective December 1, 2009.

FOR FURTHER INFORMATION CONTACT: Ms. Martha M. Maxey, TRICARE Management Activity, Medical Benefits and Reimbursement Branch, telephone (303) 676–3627.

SUPPLEMENTARY INFORMATION:

I. Introduction and Background

Hospitals are authorized TRICARE institutional providers under 10 U.S.C. Code 1079(j)(2) and (4). Under 10 U.S.C. 1079(j)(2), the amount to be paid to hospitals, skilled nursing facilities (SNFs), and other institutional providers under TRICARE, "shall be determined to the extent practicable in accordance with the same reimbursement rules as apply to payments to providers of services of the same type under Medicare." Under 32 CFR 199.14(a)(1)(ii)(D)(1) through (9) it specifically lists those hospitals that are exempt from the DRG-based payment system. CAHs are not listed as exempt, thereby making them subject to the DRG-based payment system. CAHs are not listed as excluded, because at the time this regulatory provision was written, CAHs were not a recognized entity.
