Electric Quarterly Reports; Energy Algorithms, LLC; Forest Energy Partners, LLC; Norge Power Marketing Corporation; Ohms Energy Company, LLC; Notice of Revocation of Market-Based Rate Tariff

August 25, 2009.

On August 5, 2009, the Commission issued an order announcing its intent to revoke the market-based rate authority of the above captioned public utilities, which had failed to file their required Electric Quarterly Reports.¹ The Commission provided the utilities fifteen days in which to file their overdue Electric Quarterly Reports or face revocation of their market-based rate tariffs.

In Order No. 2001, the Commission revised its public utility filing requirements and established a requirement for public utilities, including power marketers, to file Electric Quarterly Reports summarizing the contractual terms and conditions in their agreements for all jurisdictional services (including market-based power sales, cost-based power sales, and transmission service) and providing transaction information (including rates) for short-term and long-term power sales during the most recent calendar quarter.²

In the August 5 Order, the Commission directed Energy Algorithms, LLC; Forest Energy Partners, LLC; Norge Power Marketing Corporation and Ohms Energy Company, LLC; among others, to file the required Electric Quarterly Reports within 15 days of the date of issuance of the order or face revocation of their authority to sell power at market-based rates and termination of their electric market-based rate tariffs.³

The time period for compliance with the August 5 Order has elapsed. Four of the companies identified in the August 5 Order (Energy Algorithms, LLC; Forest

Energy Partners, LLC; Norge Power Marketing Corporation; and Ohms Energy Company, LLC) have failed to file their delinquent Electric Quarterly Reports.

The Commission hereby revokes the market-based rate authority and terminates the electric market-based rate tariffs of the above-captioned public utilities.

Kimberly D. Bose,

Secretary.
