

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Section 3506(c)(2)(A) of the PRA requires each agency to “* * * provide 60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on November 13, 2008 (73 FR 67197), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by September 30, 2009.

Public Comment Policy: We will post all comments in response to this notice at http://www.mrm.mms.gov/Laws_R_D/FRNotices/FRInfColl.htm. We also will post all comments, including names and addresses of respondents, at <http://www.regulations.gov>. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public view your personal identifying information, we cannot guarantee that we will be able to do so.

This temporary closure is necessary to prevent public access, use, or occupancy during wild horse capture operations to ensure the safety and welfare of the public, contractors, and government employees, the orderly execution of authorized actions, and to protect the wild horses as a natural resource on public lands. The gather operation includes the authorized use of low-flying aircraft to herd and capture wild horses from various portions of the Pryor Mountain Wild Horse Range and adjacent lands administered by the U.S. Forest Service. Animals will be held at the Britton Springs Administrative Site until September 26, 2009, for day-to-day care, veterinary treatment, and preparation for adoption. This will be

the fourth time that helicopters are used as the primary tool for herding horses into capture pens on the Pryor Mountain National Wild Horse Range. In order to operate the aircraft in a safe and effective manner, and based on experience gained in the 1997, 2001, and 2003 gathers, it is necessary to close the affected areas to all public use during actual capture operations. The wild horses primarily occupy three geographic areas of the range, including lands administered by the U.S. Forest Service, the area around Pen's Cabin, and the Dry Head/Layout Creek portions of the Bighorn Canyon National Recreation Area. Gather operations will be conducted at various times and locations to be determined by the contracting officer's representative in consultation with the contractor.

It is anticipated that the gather operation will take approximately seven days, but could last 10 days depending on weather, location of herds, success of capture operations, and other variable conditions. Areas subject to temporary closure include all lands within the Pryor Mountain Wild Horse Range administered by the Bureau of Land Management. Not all subject lands will be closed during the entire period; the public will be authorized to use those areas where capture operations are not in progress. Areas from which the public will be temporarily excluded will be dependent upon the actual area of operation which will be variable according to the needs of the contractor.

Areas temporarily closed to public access will be so posted at main entry points with signs, barricades, and copies of this temporary closure notice. Maps of the affected area and other documents associated with this closure area are available at the Billings Field Office, 5001 Southgate Drive, Billings, Montana 59101.

This temporary closure may be rescinded prior to September 10, 2009, if gather operations are successfully completed before that date. The Britton Springs area will remain temporarily closed until October 1, 2009, after horses are adopted or sold. Once gathering operations have been completed, the public will be allowed to view the horses held at Britton Springs prior to release or adoption at times to be arranged.

Further information may be obtained from the Pryor Mountain Wild Horse Range 2009 Gather and Population Management Plan and Environmental Assessment, #DOI-BLM-MT-C010-2009-35-EA. This document is available upon request from the Field Manager, Billings Field Office, Bureau

of Land Management, 5001 Southgate Drive, Billings, Montana 59101.

Under the authority of section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a)), 43 CFR 8360.0-7, and 43 CFR 8364.1, the Bureau of Land Management will enforce the following rule(s) within the Pryor Mountain Wild Horse Range:

Temporary Closure to public access, use or occupancy on public lands in the Pryor Mountain Wild Horse Range in the southeastern portion of Carbon County, Montana, and the northern portion of Big Horn County, Wyoming.

The following persons are exempt from this temporary closure: Federal, state, and local officers and employees in the performance of their official duties; members of organized rescue or fire-fighting forces in the performance of their official duties; and persons with written authorization from the Bureau of Land Management.

Any person who violates the above rule may be tried before a United States Magistrate and fined no more than \$1,000, imprisoned for no more than 12 months, or both. Such violations may also be subject to the enhanced fines provided for by 18 U.S.C. 3571.

Howard A. Lemm,

Associate State Director.

DEPARTMENT OF JUSTICE

Office of Community Oriented Policing Services

[OMB Number 1103-0096]

Agency Information Collection Activities: Emergency Extension and Revision of a Previously Approved Collection, With Change; Comments Requested

ACTION: 60-Day Notice of Information Collection Under Review: COPS Application Guide.

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The emergency revision of a previously approved information collection is published to obtain comments from the public and affected agencies.

The purpose of this notice is to allow for 60 days for public comment until October 30, 2009. This process is

conducted in accordance with 5 CFR 1320.10.

If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed emergency information collection instrument with instructions or additional information, please contact Rebekah Dorr, Department of Justice Office of Community Oriented Policing Services, 1100 Vermont Avenue, NW., Washington, DC 20530.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Emergency extension and revision of a previously approved collection, with change; comments requested.
