20 CFR Part 655

RIN 1205–AB54

Labor Certification Process and Enforcement for Temporary Employment in Occupations Other Than Agriculture or Registered Nursing in the United States (H–2B Workers), and Other Technical Changes; Correction

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Technical correction.

SUMMARY: This document contains a correction to the Final Rule of the H–2B

program that was published on December 19, 2008. The Final Rule re-engineers the application filing and review process by centralizing processing and by enabling employers to conduct pre-filing recruitment of United States (U.S.) workers. In addition, the rule enhances the integrity of the H–2B program through the introduction of post-adjudication audits and procedures for penalizing employers who fail to meet program requirements. This rule also makes technical changes to both the H–1B and the permanent labor certification program regulations to reflect operational changes stemming from this regulation.

DATES: This technical correction is effective September 3, 2009. The technical correction is applicable beginning January 18, 2009.

FOR FURTHER INFORMATION CONTACT: For information on the labor certification process governed by this correction, contact William L. Carlson, Administrator, Office of Foreign Labor Certification, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Room C–4312, Washington, DC 20210. SUPPLEMENTARY INFORMATION:

Background

On December 19, 2008 the Department of Labor's (Department) Employment and Training Administration (ETA) published a Final Rule titled "Labor Certification Process and Enforcement for Temporary Employment in Occupations Other Than Agriculture or Registered Nursing in the United States (H–2B Workers), and Other Technical Changes." It has come to ETA's attention that due to a technical oversight a certain part of the final regulations was deleted from the Final Rule publication. The Department did not intend to remove this language from the regulations and through this correction notice the Department seeks to reinsert the inadvertently deleted language.

Need for Correction

As published, the final regulation erroneously removed a paragraph of § 655.731 that the Department had intended to remain. The intention of this Notice is to reestablish that paragraph.
