Authoritative speakers from around the nation will lead interactive panel discussions on a number of key topics including the extent and impact of distracted driving, current research, regulations and best practices.

Participants will also examine distractions caused by current and planned automotive devices, such as navigational systems. The summit's second day will include a panel of state and local officials to discuss possible solutions from the state and local perspectives.

The U.S. Department of Transportation is committed to providing equal access to this Summit. Based on limited seating and to accommodate the strong interest outside the Washington area, the Summit will be available live by webcast and members of the public will be given the opportunity to submit questions or comments online for each individual panel discussion. The Department has also created a Web site to provide information and updates on the Summit as details become available: http://www.rita.dot.gov/distracted_driving_summit/.
