

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60589; File No. SR-CBOE-2009-047]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Order Approving a Proposed Rule Change To Permit All CBSX Market-Makers To Operate From the CBSX Floor Post

August 31, 2009.

On July 2, 2009, the Chicago Board Options Exchange, Incorporated (“Exchange” or “CBOE”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² a proposed rule change to allow all CBSX Market-Maker types to operate from the Floor Post. The exchange filed Amendment No. 1 to the proposed rule change on July 23, 2009. The proposed rule change, as amended, was published for comment in the **Federal Register** on July 30, 2009.³ The Commission received no comment letters on the proposed rule change. This order approves the proposed rule change.

CBSX is an all-electronic stock marketplace operated by the Exchange. The CBSX Floor Post is a location on the CBOE trading floor where market-makers can be stationed to respond to stock price discovery requests from CBOE’s trading floor community. The Floor Post is a location for price discovery only; since CBSX is an electronic exchange, there is no open-outcry trading permitted, and any trades agreed to at the Floor Post must be entered into the CBSX system in accordance with the applicable rules.⁴

Currently, only members who serve as Designated Primary Market-Makers (“DPMs”) on CBSX may operate from the CBSX Floor Post.⁵ The Exchange now proposes to permit all CBSX Market-Makers types to operate from the Floor Post. The Floor Post will continue to restrict any sightlines to the equity options trading posts.

After careful review, the Commission finds that the proposal is consistent with the Act and the rules and regulations thereunder applicable to a

national securities exchange.⁶ In particular, the Commission believes that the proposal is consistent with the requirements of Section 6(b)(5) of the Act⁷—which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest—because it will promote additional price discovery at the CBSX Floor Post.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR-CBOE-2009-047) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

Deputy Secretary.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to assess a \$.05 per contract fee for Standard and Poor’s Depository Receipts/SPDRs (“SPY”)³ equity options that are directed to specialists, Streaming Quote Traders (“SQTs”)⁴ and Remote Streaming Quote Traders (“RSQTs”)⁵ by a member or member organization and are executed electronically in lieu of the existing specialist and Registered Options Trader (on-floor) equity options transaction fees.

While changes to the Exchange’s fee schedule pursuant to this proposal are effective upon filing, the Exchange has designated this proposal to be effective for trades settling on or after August 25, 2009.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqomxphlx.cchwallstreet.com/NASDAQOMXPHLX/Filings/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

See Exchange Rule 1014(b)(ii)(A).

⁵ An RSQT is an ROT that is a member or member organization with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically through AUTOM in eligible options to which such RSQT has been assigned. A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to create incentives for specialists, SQTs and RSQTs that receive directed order flow to provide liquidity in SPY equity options contracts sent to the Exchange for execution. The Exchange believes this incentive will allow the Exchange to remain competitive, while encouraging additional order flow in options overlaying SPY. The Exchange proposes to assess a \$.05 per contract fee in SPY equity options that are directed to specialists, SQTs and RSQTs ("Directed Participants" or "Directed Specialists, RSQTs, or SQTs"⁶) by a member or member organization ("Order Flow Provider" or "OFP"), and executed electronically on the Exchange's electronic trading platform for options, the Phlx XL II system. The \$0.05 per contract rate would be assessed to the Direct Participants, in lieu of the equity options transactions fees of \$.22 per contract side for Registered Option Traders ("ROTs") (on-floor) and \$.21 per contract side for specialists on contracts executed electronically. Customers who are on the contra-side of a trade involving Directed Orders would not be subject to a fee and will remain free of charge.

The Exchange currently provides a discount for ROTs (on-floor) and specialists that exceed 4.5 million contracts in a given month (the "Volume Threshold") by assessing \$ 0.01 per contract on contract volume above the Volume Threshold instead of the applicable options transaction charges. The Exchange aggregates the trading activity of separate ROTs (on-floor) and specialists for purposes of the Volume Threshold if there is at least 75% common ownership between the member organizations as reflected on each member organization's Form BB, Schedule A. The Exchange proposes to assess a \$0.01 per contract instead of a \$0.05 per contract fee for SPY equity option transactions when the Directed Participant exceeds the 4.5 million contracts Volume Threshold in a given

⁶ See Exchange Rule 1080(l), "...The term 'Directed Specialist, RSQT, or SQT' means a specialist, RSQT, or SQT that receives a Directed Order." A Directed Participant has a higher quoting requirement as compared with a specialist, SQT or RSQT who is not acting as a Directed Participant. See Exchange Rule 1014.

⁷ See Exchange Rule 1080(l). "...The term "Order Flow Provider" ("OFP") means any member or member organization that submits, as agent, customer orders to the Exchange."

month. The contract volume associated with SPY equity options contracts, including the proposal to assess a \$.05 per contract fee in SPY equity options, would therefore be included in the Volume Threshold calculation and the \$0.01 per contract rate would apply in the event a Directed Participant reaches the 4.5 million contracts Volume Threshold.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act⁹ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. Specifically, the Exchange believes that this proposal is equitable because it would apply evenly to specialists, SQTs and RSQTs transacting SPY equity options contracts sent to the Exchange for execution, in that any specialist, SQT or RSQT [sic]

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and paragraph (f)(2) of Rule 19b-4¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
