RIN 0710-ZA04

Proposed Suspension and Modification of Nationwide Permit 21

AGENCY: United States Army Corps of Engineers, Department of Defense.

ACTION: Notice of public hearings.

SUMMARY: In the July 15, 2009, issue of the **Federal Register** (74 FR 34311) the U.S. Army Corps of Engineers published a proposal to take two actions concerning Nationwide Permit 21, which authorizes discharges of dredged or fill material into waters of the United States for surface coal mining activities. The two proposed actions are to suspend NWP 21 to prohibit its use to authorize surface coal mining activities in the Appalachian region of Kentucky, Ohio, Pennsylvania, Tennessee, Virginia, and West Virginia, and then to modify NWP 21 to make that prohibition permanent until NWP 21 expires on March 18, 2012. In the July 15, 2009, notice we also offered commenters opportunity to request a public hearing. In the August 13, 2009, issue of the **Federal Register** (74 FR 40815), we extended the comment period to September 14, 2009. We have received several requests to hold public hearings, and have determined that hearings would afford us the opportunity to gain additional information to assist us in reaching decisions on these two proposed actions. Therefore, we will be holding public hearings in each of the six affected states. Written comments to supplement the hearing records may be submitted until October 26, 2009.

DATES: See **SUPPLEMENTARY INFORMATION** section for public hearing dates. Written comments to supplement the hearing records may be submitted until October 26, 2009.

SUPPLEMENTARY INFORMATION: In the July 15, 2009, issue of the **Federal Register** (74 FR 34311) the U.S. Army Corps of Engineers (Corps) published a proposal to take two actions concerning Nationwide Permit 21, which authorizes discharges of dredged or fill material into waters of the United States for surface coal mining activities. In the August 13, 2009, issue of the **Federal Register** (74 FR 40815) the Corps announced the extension of the comment period for those two proposed actions to September 14, 2009.

We have received several requests for public hearings. Most of those requests have asked that we conduct six public hearings, one in each of the six states proposed to be affected by the suspension and modification of NWP 21, including Kentucky, Ohio, Pennsylvania, Tennessee, Virginia, and West Virginia. Since we have determined that the hearings would likely provide additional information to assist us in our decision making for the two proposed actions, we have decided to hold six public hearings in cities that are either in or near the coalfield regions in each of these six states. The legal authority for these hearings is Section 404 of the Clean Water Act (33 U.S.C. 1344).

The hearings are open to the public. Comments may be submitted in person at the hearing or in writing to the Chief

of Engineers through the methods listed in the **ADDRESSES** section above. Filing of written statements would be helpful and facilitate the job of the court reporters. All hearings will be transcribed. Depending on the number of people of who wish to speak at each public hearing, the hearing officer may impose a time limit for each speaker, so that everyone who wishes to speak will be given the opportunity to do so. Each public hearing will be held in accordance with the Corps public hearing regulations at 33 CFR Part 327. Written comments to supplement the hearing records may be submitted until October 26, 2009.

The public hearings will be held on the following dates and at the following locations:

1. *Huntington District:* October 13, 2009, in Charleston, West Virginia at the Charleston Civic Center, Little Theatre. The public hearing will start at 7 p.m. Additional information on this public hearing will be available at: <http://www.lrh.usace.army.mil/permits/publicnotices/wv/>.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Record of Decision for Norfolk Harbor Channel Dredging, Norfolk and Portsmouth, VA

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: The Department of the Navy (DON), after carefully weighing the operational and environmental consequences of the proposed action, announces its decision to deepen approximately five miles of Norfolk Harbor Channel, the Federal navigational channel in the Southern Branch of the Elizabeth River, separating Norfolk and Portsmouth, Virginia. Dredging in the heavily-used waterway would occur from the Lamberts Point Deperming Station in the Lamberts Bend Reach, south to Naval Support Activity Norfolk Naval Shipyard, commonly referred to as the Norfolk Naval Shipyard (NNSY), in the Lower Reach. Dredged material would be placed at The U.S. Army Corps of Engineers' (USACE) Craney Island Dredged Material Management Area (CIDMMA). The deepening project will establish continuously safe and expeditious transit routes for U.S. Naval Ships to Lamberts Point Deperming Station and NNSY. Dredging would occur completely within the existing USACE-maintained federal navigation channel. In its decision, the Navy considered applicable executive orders, including an analysis of the effects of its actions in compliance with the Endangered Species Act, the Coastal Zone Management Act, and the National Historic Preservation Act, and the requirements of Executive Order (EO) 12898, *Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations* and EO 13045, *Protection of Children from Environmental Health Risks and Safety Risks*.

The proposed action will be accomplished as set out in Alternative A, described in the Final Environmental Impact Statement (EIS) as the preferred alternative. Implementation of the preferred alternative could begin immediately.

SUPPLEMENTARY INFORMATION: The Record of Decision (ROD) has been distributed to all those individuals who requested a copy of the Final EIS and agencies and organizations that received a copy of the Final EIS. The full text of the Navy's ROD is available for public viewing on the project Web site at <http://www.norfolkredgingeis.com>, along with copies of the Final EIS and supporting documents. Single copies of the ROD will be made available upon request by contacting Ms. Caren Hendrickson, Naval Facilities Engineering Command Mid-Atlantic, telephone 757-444-1030.

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 9, 2009.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.
