[Docket No. EL09-75-000]

Buckeye Power, Inc., Complainant v. Midwest Independent Transmission System Operator, Inc., Respondent; Notice of Complaint

September 11, 2009.

Take notice that on September 10, 2009, Buckeye Power, Inc. (Buckeye) filed a formal complaint against the Midwest Independent Transmission System Operator, Inc. (Midwest ISO) pursuant to section 306 of the Federal Power Act and Rule 206 of the Commission's Rules of Practice and Procedure. Buckeye alleges in the complaint that it should be able to continue to receive certain ancillary services under the open access transmission tariff of PJM Interconnection, LLC (PJM) for a portion of Buckeye's electric cooperative member load that is located within the Midwest ISO boundaries, rather than being compelled to receive such services from the Midwest ISO under its open access transmission, energy and operating reserve market tariff.

Buckeye certifies that copies of the complaint were served on the Midwest ISO and PJM.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214).
