¹ Twin America is in the process of applying with the Federal Motor Carrier Safety Administration (FMCSA) to be a registered motor passenger carrier. It holds USDOT number 1924173 and has been assigned docket number MC-688284 by FMCSA.

SUPPLEMENTARY INFORMATION:

Stagecoach is a public limited corporation organized under the laws of Scotland. Coach USA is a Delaware corporation that controls numerous motor passenger carriers. Mr. Zev Marmurstein is the sole member and owner of City Sights Twin, a noncarrier formed for the purpose of owning an interest in Twin America.

In March 2009, City Sights Twin and IBS formed Twin America. Twin America was formed because Applicants recognized that IBS and City Sights LLC, the previous operator of transportation services now provided by City Sights Twin, were experiencing declining revenues due to the challenging economic environment. The companies have determined that combining their assets under common management would provide cost savings. According to Applicants, Twin America currently operates motor carrier tourism transportation services in New York City as well as transportation to destinations outside the state of New York. Specifically, Twin America transports passengers from hotels in New Jersey to New York City and "conducts occasional interstate charter operations with its own vehicles between the New York City area and other states." Additionally, Applicants state that Twin America is involved in transportation arrangements with other carriers to provide interstate travel between the New York City area and other States.

Applicants have submitted the information required by 49 CFR 1182.2,² and submitted a statement that the 12-month aggregate gross operating revenues of the carrier applicants exceed the \$2 million jurisdictional threshold of 49 U.S.C. 14303(g). Applicants state that the proposed transaction will not affect the adequacy of transportation services available to the public because the charter/tour bus segment is competitive, the proposed transaction will not adversely impact competition, and this agency's prior finding regarding low entry barriers in this segment continues to be accurate. Applicants also state that the proposed transaction will not adversely impact fixed charges because it will not have an adverse impact on the level of debt held by Twin America or on the ability of Twin America to repay that debt, and that the employees of Twin America, other than a small number of

administrative employees, will not be adversely affected.

As discussed above, Applicants state that they are currently providing various transportation services in interstate commerce. Applicants, however, do not provide specific information detailing the authority under which these interstate services operate. We note also that the New York State Attorney General has served subpoenas *duces tecum* on Twin America and several other entities, inquiring into the operation of those entities, the formation of Twin America, and related matters, and has asked to participate as a party of record in this proceeding. For these reasons, we will not grant tentative authority under 49 CFR 1182.4(b). Instead, we will institute a proceeding to address these matters as well as determine the merits of the application pursuant to 49 U.S.C. 14303. Comments and responses are to be submitted as ordered below. See 49 CFR 1182.5 and 1182.6.

Board decisions and notices are available on our Web site at www.stb.dot.gov.

1. Comments must be filed by November 2, 2009. Applicants may file a reply by November 17, 2009.
2. This notice will be effective on date of service.
3. Decided: September 15, 2009.

By the Board, Chairman Elliott, Vice Chairman Nottingham, and Commissioner Mulvey.

SUPPLEMENTARY INFORMATION:

Title: 2009 Business Relocation Assistance Retrospective Study.

Background: Among benefits included in relocation assistance under the Uniform Act is a payment, not to exceed \$10,000, to assist displaced businesses in reestablishing at a new location. The Uniform Act also includes a fixed payment for moving expenses

not to exceed \$20,000 in lieu of the payments for actual reasonable moving and reestablishment related expenses. The Uniform Act benefit levels were last revised in 1989. Since that time, displaced business moves have become increasingly complex and costly. HEPR, the General Accounting Office (GAO) and several States have done recent research into the costs born by businesses that are required to relocate as a result of federally funded projects and programs. The general conclusion is that the Uniform Act benefit levels are inadequate. For example the GAO recently reported on the need for an update of benefit levels in Eminent Domain, Information about its Uses and Effect on Communities and Property Owners Is Limited (GAO-07-28). The report communicates in several points, including discussions on pages 4 and 16, that Uniform Act benefits available to business are considered inadequate by interviewees.

The data collected utilizing the following interview document would identify the name, location and type of business; actual costs that a business incurs which would be reimbursable if not for the statutory maximum reestablishment expenses or the additional in-lieu eligibility that a business would be eligible to receive as well as the amount of the relocation assistance the business received as a reimbursement through the relocation program. Interviews with selected participants will be conducted over a one year period.

Respondents: Approximately 300 participants to be interviewed in a one year.

Frequency: One collection from each participant.

Estimated Average Burden per Response: Approximately 4 hours per participant over a year.

Estimated Total Annual Burden Hours: Approximately 1200 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.
