What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under **DATES**.
7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Affected entities: Entities potentially affected by this action are all recipients of EPA financial assistance agreements, and any entities receiving identified loans under a financial assistance agreement capitalizing a revolving loan fund.

Title: MBE/WBE Utilization Under Federal Grants, Cooperative Agreements, and Interagency Agreements (Renewal)

ICR numbers: EPA ICR No. 2212.03, OMB Control No. 2090-0025.

ICR status: This ICR is currently scheduled to expire on October 31, 2009. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: All EPA financial assistance agreement recipients are required to make good faith efforts to assure that small, minority and women owned businesses are used, when possible, as sources of construction, services, equipment, and supplies. The completion and submission of EPA Form 5700-52A is mandatory. The information collected by EPA Form 5700-52A is used to compile data concerning the utilization of minority and women owned businesses as contractors under procurements funded by EPA financial assistance agreements pursuant to Executive Orders 11625, 12138, and 12432, and Public Laws 101-507 and 102-389. The effectiveness of EPA's MBE/WBE Program is measured through this reporting requirement.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average one (1) hour per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and

maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 3600

Frequency of response: Depending on the type of financial assistance received, respondents either report on an annual, semiannual, or quarterly basis.

Estimated total average number of responses for each respondent: 3600.

Estimated total annual burden hours: 3600 (one burden hour per respondent).

Estimated total annual costs: \$146,916. This includes an estimated burden cost of \$146,916, and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Are There Changes in the Estimates From the Last Approval?

There is no change in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: September 16, 2009.
