p. Although our current intent is to prepare an environmental assessment (EA), there is the possibility that an Environmental Impact Statement (EIS) will be required. Nevertheless, the scoping meetings described below will satisfy the NEPA scoping requirements, irrespective of whether an EA or EIS is issued by the Commission.

Scoping Meetings

Commission staff will hold two scoping meetings in the vicinity of the project at the times and places noted below. The daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns, while the evening meeting is primarily for receiving input from the public. We invite all interested individuals, organizations, and agencies to attend one or both of the meetings, and to assist staff in identifying particular study needs, as well as the scope of environmental issues to be addressed in the environmental document. The times and locations of these meetings are as follows:

Evening Scoping Meeting

Date: Wednesday, October 21, 2009.

Time: 6:30 p.m.

Location: Old Harbor Native Corporation Office Building, 12 Elderberry Drive, Old Harbor, AK 99643.

Phone: (907) 286–2286.

Daytime Scoping Meeting

Date: Thursday October 22, 2009.

Time: 3 p.m.

Location: Alaska Village Electric Cooperative Office, 4831 Eagle Street, Anchorage, AK 99503–7497.

Phone: (907) 565–5358.

Scoping Document 1 (SD1), which outlines the subject areas to be

addressed in the environmental document, was mailed to the individuals and entities on the Commission’s mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the Web at <http://www.ferc.gov>, using the “eLibrary” link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

The potential applicant and Commission staff will conduct an environmental site review of the project area on Wednesday, October 21, 2009 beginning at 1 p.m. at the Old Harbor Native Corporation office. Those wishing to participate should contact Dan Hertrich by October 11, 2009 [e-mail, dan@polarconsult.net or phone, (907) 258–2420] for details on how to participate. The environmental site review will include a strenuous hike to the proposed project intake and other features; proper footwear and gear is strongly recommended.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in part 5 of the Commission’s regulations and, to the extent possible, maximizes coordination of Federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any Federal or State agency or Indian tribe acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

Meeting Procedures

The meetings will be recorded by a stenographer and will become part of

the formal record of the Commission proceeding on the project.

Kimberly D. Bose,
Secretary.
