NUCLEAR REGULATORY COMMISSION

[Docket No. 70-143; NRC-2009-0435]

Notice of Receipt of License Renewal Application From Nuclear Fuel Services, Erwin, Tennessee, and Opportunity to Request a Hearing, and Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information (SUNSI) for Contention Preparation

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of license renewal application and opportunity to request a hearing.

DATES: A request for a hearing must be filed by December 7, 2009.

FOR FURTHER INFORMATION CONTACT: Kevin M. Ramsey, Project Manager, Fuel Manufacturing Branch, Division of Fuel Cycle Safety and Safeguards, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Mail Stop EBB-2-C40M, Washington, DC 20555-0001, Telephone: (301) 492-3123; Fax number: (301) 492-3359; e-mail: kevin.ramsey@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) has received, by letters dated June 30 and August 28, 2009, a request for renewal of Special Nuclear Material License No. SNM-124 from Nuclear Fuel Services, Inc. (NFS), located in Erwin, Tennessee. License No. SNM-124 authorizes NFS to manufacture reactor fuel at its fuel fabrication facility using high-enriched and low-enriched uranium. Specifically, the request would authorize NFS to continue licensed activities for 40 years.

An administrative review, documented in a letter to NFS dated September 3, 2009, found the application acceptable to begin a formal technical review. If the NRC approves the request, the approval will be documented in NRC License No. SNM-124. However, before approving the proposed amendment, the NRC will need to make the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the NRC's regulations. These findings will be

documented in a Safety Evaluation Report and an Environmental Assessment.

II. Opportunity To Request a Hearing

The NRC hereby provides notice that this is a proceeding on an application to renew Material License No. SNM-124 at NFS' fuel fabrication facility located in Erwin, Tennessee. Any person whose interest may be affected by this proceeding and who desires to participate as a party, must file a request for a hearing and a specification of the contentions which the person seeks to have litigated in the hearing, in accordance with the NRC E-filing rule, which the NRC promulgated on August 28, 2007 (72 FR 49139). All documents filed in NRC adjudicatory proceedings, including documents filed by interested governmental entities participating under 10 CFR 2.315(c) and any motion or other document filed in the proceeding prior to the submission of a request for hearing or petition to intervene, must be filed in accordance with the E-filing rule. The E-filing rule requires participants to submit and serve documents over the Internet or, in some cases, to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-filing, at least ten (10) days prior to the filing deadline, the petitioner/requestor must contact the Office of the Secretary by e-mail at Hearing.Docket@nrc.gov, or by calling (301) 415-1677, to request: (1) A digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner/requestor (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each petitioner/requestor will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate is available on NRC's public website at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a petitioner/requestor has obtained a digital ID certificate, had a docket created, and downloaded the EIE
