On this basis of this EA, NRC concludes that there are no significant environmental impacts and the issuance of a modified Order does not warrant the preparation of an Environmental Impact Statement. Accordingly, the NRC has determined that a Finding of No Significant Impact is appropriate.

Pursuant to 10 CFR 51.33(e), a final determination to prepare an environmental impact statement or a final FONSI for the proposed action will not be made until the last day of the public comment period has expired on November 6, 2009.

Withdrawal of Regulatory Guide 7.1

AGENCY: Nuclear Regulatory Commission.

ACTION: Withdrawal of Regulatory Guide 7.1.

FOR FURTHER INFORMATION CONTACT:

Thomas J. Herrity, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone: 301-251-7447 or e-mail to Thomas.Herrity@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The U.S. Nuclear Regulatory Commission (NRC) is withdrawing Regulatory Guide 7.1 (RG 7.1), "Administrative Guide for Packaging and Transporting Radioactive Material." This guide was published in June 1974 and provided guidance on which packaging and labeling regulations of the Department of Transportation (DOT) apply in a given case and what must be done to comply with those regulations. The NRC is withdrawing this regulatory guide because it is outdated.

Although DOT revised their regulations on packaging and shipment of radioactive material several times after issuance of RG 7.1, neither this RG nor the American National Standards Institute (ANSI) standard referenced in the RG have been revised. In addition, ANSI Subcommittee N14.10 withdrew ANSI Standard ANSI N14.10.1, "Administrative Guide for Packaging and Transporting Radioactive Materials," dated September 14, 1973.

DOT issued generic guidance, "Radioactive Material Regulations Review," on their hazardous materials regulations in December 2008, which includes radioactive material determination and appropriate packaging, labeling and placarding for a given material. Because DOT issued guidance on meeting their hazardous

materials regulations, this RG should be withdrawn instead of updated.

II. Further Information

The withdrawal of RG 7.1 does not alter any prior or existing licensing commitments based on its use. The guidance provided in this RG is neither necessary nor current. RGs may be withdrawn when their guidance is superseded by congressional action or no longer provides useful information.

RGs are available for inspection or downloading through the NRC's public Web site under "Regulatory Guides" in the NRC's Electronic Reading Room at <http://www.nrc.gov/reading-rm/doc-collections>. Regulatory guides are not copyrighted and Commission approval is not required to reproduce these documents. RGs are also available for inspection at the NRC's Public Document Room (PDR), Room O-1 F21, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

SpongeTech Delivery Systems, Inc.; Order of Suspension of Trading

October 5, 2009.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of SpongeTech Delivery Systems, Inc. ("SpongeTech") because questions have arisen regarding the accuracy of assertions in press releases to investors and in periodic reports filed with the Commission concerning, among other things: (1) The amount of sales and customer orders received by the company; (2) the company's investment agreements; and (3) the company's revenues as reported in its financial statements. In addition, SpongeTech has not filed any periodic reports with the Commission since the period ended February 28, 2009.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT, on October 5, 2009 through 11:59 p.m. EDT, on October 16, 2009.

By the Commission.

Elizabeth M. Murphy,

Secretary.
