SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because any delay in the effective date of this rule would expose members of the public to the dangers associated with fireworks displays. Immediate action is necessary to ensure the safety of vessels, spectators, and other users of the waterway.

For the same reasons, the Coast Guard also finds under 5 U.S.C. 553(d)(3) that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

Background and Purpose

Fireworks & Stage FX Inc is sponsoring the Beachfest Fireworks Display, which will include a fireworks presentation from Crystal Pier in the Pacific Beach neighborhood of San Diego, California. The safety zone will be a 600 foot radius around the end of

the pier. This temporary safety zone is necessary to provide for the safety of the vessels, spectators, and other users of the waterway.

Discussion of Rule

The Coast Guard is establishing a safety zone that will be enforced from 8 p.m. to 10 p.m. on October 10, 2009. The limits of the safety zone will be a 600 foot radius around the end of Crystal Pier in the Pacific Beach neighborhood of San Diego, California. Persons and vessels will be prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port or his designated representative.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit or anchor in the affected portion of the Pacific Ocean from 8 p.m. to 10 p.m. on October 10, 2009.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be enforced in a small area for only two hours late in the evening when vessel traffic is low. Commercial vessels will

not be hindered by the safety zone. Before the effective period, the Coast Guard will publish a local notice to mariners and will issue broadcast notice to mariners alerts via marine channel VHF 16 before the temporary safety zone is enforced.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132. Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are

technical standards (*e.g.*, specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction because the rule involves the establishment of a safety zone.

An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**.

I. Introduction

The Postal Service seeks to add a new product identified as Priority Mail Contract 18 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

II. Background

On September 11, 2009, the Postal Service filed a formal request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.* to add Priority Mail Contract 18 to the Competitive Product List.¹ The Postal Service asserts that the Priority Mail Contract 18 product is a competitive product “not of general applicability” within the meaning of 39 U.S.C. 3632(b)(3). This Request has been assigned Docket No. MC2009-42.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The contract has been assigned Docket No. CP2009-63.

In support of its Request, the Postal Service filed the following materials: (1) A redacted version of the Governors’ Decision, filed in Docket No MC2009-25, authorizing the Priority Mail Contract Group;² (2) a redacted version of the contract;³ (3) a requested change in the Mail Classification Schedule product list;⁴ (4) a Statement of Supporting Justification as required by 39 CFR 3020.32;⁵ (5) a certification of compliance with 39 U.S.C. 3633(a);⁶ and (6) an application for nonpublic treatment of the materials filed under seal.⁷ The redacted version of the contract provides that the contract is terminable on 30 days’ notice by either

party, but could continue until March 11, 2012 without modification except as to price adjustments. Request, Attachment B, Article III.

In the Statement of Supporting Justification, Mary Prince Anderson, Acting Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and will increase contribution toward the requisite 5.5 percent of the Postal Service’s total institutional costs. Request, Attachment D, at 1. W. Ashley Lyons, Manager, Regulatory Reporting and Cost Analysis, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). *Id.*, Attachment E.

The Postal Service filed much of the supporting materials, including the supporting data and the unredacted contract, under seal. The Postal Service maintains that the contract and related financial information, including the customer’s name and the accompanying analyses that provide prices, certain terms and conditions, and financial projections, should remain confidential. *Id.*, Attachment F at 2-3.

In Order No. 298, the Commission gave notice of the two dockets, appointed a public representative, sought supplemental information, and provided the public with an opportunity to comment.⁸ The Postal Service filed its Response for supplemental information pertaining to the sufficiency of spreadsheets of the partially superseded agreement, and related data.⁹

III. Comments

Comments were filed by the Public Representative.¹⁰ No comments were submitted by other interested parties. The Public Representative states that the Postal Service’s filing comports with title 39 and the relevant Commission rules. Public Representative Comments at 1. He further states that the agreement
