DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Pursuant to the Clean Air Act

Notice is hereby given that on October 5, 2009, the United States lodged a proposed Consent Decree ("Consent Decree") in the United States District Court for the Eastern District of Louisiana in the matter captioned *United States and State of Louisiana v. Mosaic Fertilizer, LLC*, Civil Action No. 2:09-cv-6662.

In this action, the United States and the State of Louisiana sought injunctive relief and civil penalties in connection with sulfur dioxide ("SO₂") emitted from two sulfuric acid production units at the Mosaic Fertilizer, LLC ("Mosaic") Uncle Sam plant, located in Uncle Sam, Louisiana. The United States and the State of Louisiana alleged in a complaint ("Complaint") filed simultaneously with the lodging of the Consent Decree that Mosaic was liable under the New Source Review Prevention of Significant Deterioration ("PSD") provisions of the Clean Air Act, 42 U.S.C. 7475(a), and the PSD provisions of the federally-approved Louisiana Air Control Commission Implementation Plan, for the failure to obtain a preconstruction PSD permit incorporating the best available control technology ("BACT") when modifications were made to the sulfuric acid production units known as the Uncle Sam A Train and Uncle Sam D Train, and for the subsequent operation of those units without a PSD permit incorporating BACT. The Complaint also alleged that Mosaic violated the New Source Performance Standards ("NSPS"), set forth at 40 CFR 60.82-60.84, promulgated by EPA under Section 111(b)(1) of the Clean Air Act, 42 U.S.C. 7411(b)(1), which became applicable to the Uncle Sam A Train upon its modification.
