SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60791; File No. SR-ISE-2009-74]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt an Intermarket Sweep Order Credit

October 5, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2009, International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to adopt an Intermarket Sweep Order credit. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to adopt an Intermarket Sweep Order credit. On August 31, 2009, the Exchange implemented the new Options Order Protection and Locked/Crossed Market Plan ("Distributive Linkage") and the use of Intermarket Sweep Orders ("ISOs"). Consistent with Distributive Linkage and pursuant to ISE rules, the Exchange's Primary Market Makers ("PMMs") have an obligation to address customer orders when there is a better market displayed on another exchange. ISE's PMMs meet this obligation via the use of ISOs. In meeting their obligations, PMMs may incur fees when they send ISOs, especially when sending ISOs to exchanges that charge "taker" fees. To minimize their financial burden and help offset such fees, ISE proposes to compensate the PMM by rebating to the PMM \$0.20 per contract on all ISO orders sent to an away market, regardless of the fee charged by the exchange where the ISO order sent away was executed. The proposed fee credit applies to PMMs for classes in which it serves as a PMM.

ISE proposes to implement this fee change on October 1, 2009.

2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the "Exchange Act") for this proposed rule change is the requirement under Section 6(b)(4) that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, the proposed fee change will offset fees incurred by PMMs when they send ISOs to away markets.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ because it establishes a due, fee, or other charge imposed by NYSE Arca on its members.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, Nasdaq provides a limited exception to its general limitation of liability rules that allows for the payment of claims to users for order processing failures in the Nasdaq Market Center. Nasdaq proposes to modify its process for allocating such payments and extend the time period for users to submit such claims. Under the proposal, Nasdaq will eliminate the \$100,000 and \$250,000 daily caps on liability and consider all such claims on a monthly basis subject to the already existing \$500,000 monthly liability cap. If the total amount of all claims from all users in a calendar month exceeds the \$500,000 monthly liability cap, the \$500,000 maximum monthly dollar amount will be proportionally allocated among all such claims as set forth in the current rule.

Nasdaq is also proposing to extend, until 12 noon ET on the next business day following the day on which the use of the Nasdaq Market Center gives rise to a claim, the time period during which claims seeking compensation must be submitted.

As Nasdaq analyzes total eligible liability claims on a per-month look-back basis, the proposal, in effect, would allow Nasdaq an increased capability to compensate a market participant(s) up to the monthly cap of \$500,000 even though the losses occurred on a single day or were across multiple days for a single participant. The expansion of time to make such compensation claims likewise increases the ability of market participants to submit claims in a timely manner. Finally, Nasdaq notes that other market centers have rules in place to provide
