SUPPLEMENTARY INFORMATION:Summaries for each FAR rule follow.
For the actual revisions and/or
amendments made by these FAR cases,
refer to the specific item number and
subject set forth in the documents
following these item summaries.FAC 2005–37 amends the FAR as
specified below:**Item I—Registry of Disaster Response
Contractors (FAR Case 2008–035)
(Interim)**This interim rule amends the FAR at
parts 2, 4, 7, 10, 13, 18, 26, and 52 to
implement the Registry of Disaster
Response Contractors provision, section
697 of the Department of Homeland
Security (DHS) Appropriations Act,
2007 (6 U.S.C. 796).The Act requires that the Federal
Emergency Management Agency
(FEMA) establish and maintain this
registry. It also requires that the registry
include business information consistent
with the data that is currently required
in the Central Contractor Registration
(CCR) with two additional categories
added to reflect the area served by the
business, and the bonding level of the
business concern. The CCR has been
updated to include these changes. In
addition, the FEMA website has been
updated with a link to the CCR search
feature which provides access to the
disaster response registry. Contracting
officers will be required to consult thisregistry during market research and
acquisition planning.**Item II—Limiting Length of
Noncompetitive Contracts in “Unusual
and Compelling Urgency”
Circumstances (FAR Case 2007–008)**This final rule amends the FAR to
require that contracts awarded under
the authority of FAR 6.302–2, Unusual
and compelling urgency, may not
exceed the time necessary to meet the
unusual and compelling requirements,
may not exceed the time for the agency
to enter into another contract for the
required goods and services through the
use of competitive procedures, and may
not exceed one year unless the head of
the agency entering into the contract
determines that exceptional
circumstances apply. The determination
may be made after contract award when
making the determination prior to
award would unnecessarily delay the
award. The rule applies to any contract
in an amount greater than the simplified
acquisition threshold. The rule
implements the requirements of section
862 of the Duncan Hunter National
Defense Authorization Act (NDAA) for
Fiscal Year 2009 (Pub. L. 110–417). The
rule is intended to strengthen Federal
acquisition competition policies.**Item III—GAO Access to Contractor
Employees (FAR Case 2008–026)**This final rule converts the interim
rule published in the **Federal Register** at
74 FR 14649, March 31, 2009, to a final
rule without change. The interim rule
amended FAR 52.215–2, Audits and
Records—Negotiation, and FAR 52.214–
26, Audit and Records—Sealed Bidding,
to allow the Government Accountability
Office to interview current contractor
employees when conducting audits. The
rule does not apply to the acquisition of
commercial items; therefore, FAR
12.503 was amended to add the
exemption of this rule. This change
implemented section 871 of the Duncan
Hunter NDAA for Fiscal Year 2009 (Pub.
L. 110–417).**Item IV—Use of Commercial Services
Item Authority (FAR Case 2008–034)
(Interim)**This interim rule amends the FAR to
implement section 868 of the Duncan
Hunter NDAA for Fiscal Year 2009 (Pub.
L. 110–417). Section 868 provides that
the FAR shall be amended with respect
to the procurement of commercial
services that are not offered and sold
competitively in substantial quantities
in the commercial marketplace, but are
of a type offered and sold competitively
in substantial quantities in the
commercial marketplace. Such services
may be considered commercial items

only if the contracting officer has determined in writing that the offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price for these services.

The rule details the information the contracting officer may consider in order to make this determination. The rule further details, when this determination cannot be made, the information which may be requested to determine price reasonableness.

Item V—Limitations on Pass-Through Charges (FAR Case 2008–031) (Interim)

This interim rule implements section 866 of the Duncan Hunter NDAA for Fiscal Year 2009 (Pub. L. 110–417) and section 852 of the John Warner NDAA for Fiscal Year 2007 (Pub. L. 109–364). Section 866 requires the Councils to amend the FAR to minimize excessive pass-through charges by contractors from subcontractors, or of tiers of subcontractors, that add no or negligible value, and to ensure that neither a contractor nor a subcontractor receives indirect costs or profit/fee (*i.e.*, pass-through charges) on work performed by a lower-tier subcontractor to which the higher-tier contractor or subcontractor adds no, or negligible, value.

To enable agencies to ensure that pass-through charges are not excessive, this interim rule includes a solicitation provision and a contract clause requiring offerors and contractors to identify the percentage of work that will be subcontracted, and when subcontract costs will exceed 70 percent of the total cost of work to be performed, to provide information on indirect costs and profit/fee and value added with regard to the subcontract work.

Item VI—Award Fee Language Revision (FAR Case 2008–008) (Interim)

This interim rule amends the FAR to implement section 814 of the John Warner NDAA of Fiscal Year 2007 (Pub. L. 109–364) and section 867 of the Duncan Hunter NDAA of Fiscal Year 2009 (Pub. L. 110–417). This rule requires agencies to—

(1) Link award fees to acquisition objectives in the areas of cost, schedule, and technical performance;

(2) Clarify that a base fee amount greater than zero may be included in a cost plus award fee type contract at the discretion of the contracting officer;

(3) Prescribe narrative ratings that will be utilized in award fee evaluations;

(4) Prohibit the issuance of award fees for a rating period if the contractor's performance is judged to be below satisfactory;

(5) Conduct a risk and cost benefit analysis and consider the results of the analysis when determining whether to use an award-fee type contract or not;

(6) Include specific content in the award-fee plans; and

(7) Prohibit the rolling over of unearned award fees to subsequent rating periods.

This FAR change will integrate where appropriate, FAR part 7, Acquisition Planning, and FAR part 16, Contract Types, to improve agency use and decision making when using incentive contracts.

Item VII—National Response Framework (FAR Case 2009–003)

This final rule amends the FAR part 18 to remove all references to the National Response Plan (NRP) and Incidents of National Significance. In January 2008, FEMA, a component within the DHS, reissued the NRP as the National Response Framework (NRF). With the reissuance, the term “Incidents of National Significance” was eliminated. The changes became effective on March 22, 2008. Both the NRP and the term “Incidents of National Significance” are now obsolete.

This rule is informational and represents minor updates for consistency with FEMA references.

FEMA provides a link at their website for Frequently Asked Questions that explain the rationale for and the changes to the NRF.

This rule does not have a significant impact on Government or any automated systems.

Federal Acquisition Regulation; FAR Case 2008–035, Registry of Disaster Response Contractors

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Interim rule with request for comments.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) are issuing an interim rule amending the Federal Acquisition Regulation (FAR) to implement Section 697, Registry of Disaster Response Contractors (Pub. L. 109–295), the Department of Homeland Security (DHS) Appropriations Act, 2007 (6 U.S.C. 796). The Act requires that the Administrator of the Federal Emergency Management Agency (FEMA), a component of DHS, establish and maintain a registry of contractors, which are willing to perform debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities. In addition, the Act requires contracting officers to consult the Registry during market research and acquisition planning.
