

Subcommittees of the NRC Advisory Committees, if the Subcommittee's recommendations would be independently reviewed by its parent Committee.

The ACRS, however, has chosen to conduct its Subcommittee meetings in accordance with the procedures noted above for ACRS full Committee meetings, as appropriate, to facilitate public participation, and to provide a forum for stakeholders to express their views on regulatory matters being considered by the ACRS. When Subcommittee meetings are held at locations other than at NRC facilities, reproduction facilities may not be available at a reasonable cost. Accordingly, 50 copies of the materials to be used during the meeting should be

provided for distribution at such meetings.

Special Provisions When Proprietary Sessions Are To Be Held

If it is necessary to hold closed sessions for the purpose of discussing matters involving proprietary information, persons with agreements permitting access to such information may attend those portions of the ACRS meetings where this material is being discussed upon confirmation that such agreements are effective and related to the material being discussed.

The DFO should be informed of such an agreement at least 5 working days prior to the meeting so that it can be confirmed, and a determination can be made regarding the applicability of the

agreement to the material that will be discussed during the meeting. The minimum information provided should include information regarding the date of the agreement, the scope of material included in the agreement, the project or projects involved, and the names and titles of the persons signing the agreement. Additional information may be requested to identify the specific agreement involved. A copy of the executed agreement should be provided to the DFO prior to the beginning of the meeting for admittance to the closed session.
