The Olympic Coast National Marine Sanctuary Advisory Council was established in December 1998 to assure continued public participation in the management of the sanctuary. Serving in a volunteer capacity, the advisory council's 15 voting members represent a variety of local user groups, as well as the general public. In addition, five Federal Government agencies and one federally funded program serve as non-voting, ex officio members. Since its establishment, the advisory council has played a vital role in advising the sanctuary and NOAA on critical issues. In addition to providing advice on management issues facing the Sanctuary, the Council members serve as a communication bridge between constituents and the Sanctuary staff.
