7. Ticket to Work Program Evaluation Survey (National Beneficiary Survey)—0960–0666. The 1999 Ticket to Work and Work Incentives Improvement Act, Public Law 106–170, established the Ticket to Work program (TTW) to create additional access to services for SSA beneficiaries through a new system of public and private Employment Network (EN) providers. Along with establishing the TTW program, the

legislation mandated an evaluation of the program.

In February 2003, SSA began a multi-phase evaluation of this program. Although we had originally planned to complete the final data collection wave by 2009, significant changes we made to the TTW program in 2008 (such as changes to the way State VR agencies can provide services) compelled us to extend the final evaluation to 2010.

In this ICR, we are seeking clearance for Round 4 of the National Beneficiary Survey and two associated experiments (all three activities will use the same data). The respondents are Social Security beneficiaries and TTW enrollees. As with the previous three phases of this project, a contractor will conduct this study for SSA.

Type of Collection: Revision of an OMB-approved information collection.

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Estimated annual burden hours
National Beneficiary Sample	2,400	1750	1,800
Ticket Participant Sample	3,000	1917	2,751

8. Continuation of SSI Benefits for the Temporarily Institutionalized—Certification of Period and Need to Maintain Home—20 CFR

416.212(b)(1)—0960–0516. When SSI recipients (1) enter a public institution or (2) enter a private medical treatment facility with Medicaid paying more than 50 percent of expenses, their SSI payments are reduced to a nominal sum. However, if this institutionalization is temporary (defined as a maximum of 3 months), SSA may waive the reduction of benefits.

Before SSA can waive the benefits reduction, the agency must obtain the following documentation: (1) A physician's certification the beneficiary will be institutionalized for a maximum of 3 months; and (2) certification from the beneficiary, beneficiary's family, or

beneficiary's friend confirming the need for SSI payments to maintain the living arrangements to which the beneficiary will return post-institutionalization. The respondents are doctors of SSI recipients and the recipients or their family/friends.
