

International Airports. The company also uses the facility to store, blend and distribute gasoline, diesel fuel, biodiesel, biofuels and certain fuel blendstocks, including ethanol. The company is not requesting to blend foreign status products in the proposed subzone. Some of the products are or will be sourced from abroad or from U.S. refineries under FTZ procedures. Duty rates range from duty-free to 52.5 cents/barrel to 7% ad valorem for fuel products, duty-free to 6.5% for biofuels, and 1.9%–2.5% + 14.27 cents/liter for ethanol.

Zone procedures would exempt SFMC from customs duties and Federal excise taxes on foreign status jet fuel used for international flights, some 20–35 percent of the terminal's shipments. On domestic sales, the company would be able to defer duty payments on foreign status products until shipped from the facility and entered for consumption. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 28, 2009. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 12, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

### Foreign-Trade Zones Board

[Docket 45–2009]

#### Foreign-Trade Zone 17—Kansas City, KS; Application for Reorganization/Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Greater Kansas City Foreign Trade Zone, Inc., grantee of FTZ

17, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 1/12/09; correction 74 FR 3987, 1/22/09). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 22, 2009.

FTZ 17 was approved by the Board on December 20, 1973 (Board Order 97, 39 FR 26, 1/2/74), and expanded in January 1989 (Board Order 428, 54 FR 5992, 2/7/89), in January 1993 (Board Order 631, 58 FR 6112, 1/26/93), and in October 1997 (Board Order 925, 62 FR 55574, 10/27/97). The current zone project includes the following sites: Site 1 (7.5 acres)—located at 6500 Inland Drive, Kansas City; Site 2 (5.1 acres)—located at 5203 Speaker Road, Kansas City; Site 3 (5 acres)—located at 30 Funston Road, Kansas City; Site 4 (50,000 sq. ft.)—located at 830 Kindleberger Road, Kansas City; Site 5 (21 acres, 2 parcels)—within the Leavenworth Area Business Center, located at 13th and Eisenhower Road, Leavenworth; Site 6 (966 acres)—Forbes Field Airport/Topeka Air Industrial Park, 6700 South Topeka Boulevard, Topeka; Site 7 (106 acres)—The Phillip Billard Airport/Industrial Park Complex, 3600 Sardue, Topeka; and, Site 8 (50 acres)—Coleman Corporation within the Midwest Commerce Center, 17150 Mercury Street, Gardner. (There is an application pending with the Board to expand Site 8 to include the entire 156-acre Midwest Commerce Center (Doc. 16–2009).)

The grantee's proposed service area under the ASF would be Wyandotte, Johnson, Douglas, Shawnee, Leavenworth and Miami Counties, Kansas. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Kansas City Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project as follows: Sites 2, 3, 5, 6, 7 and 8 would become "magnet" sites; Site 4 would become a "usage-driven" site; and, Site 1 would be removed from the zone project due to changed circumstances.

The applicant is also requesting approval of two "usage-driven" sites in Johnson County: Proposed Site 9 (6.64 acres)—Bushnell Outdoor Products, 9200 Cody, Overland Park; and, Proposed Site 10 (2.4 acres)—Bushnell Outdoor Products, 10716 West 78th Street, Shawnee. Proposed Site 9 is located within the Congleton Industrial Park and proposed Site 10 is located within the Nieman Business Park.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 28, 2009. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 12, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. #### **Stainless Steel Bar From India: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* October 29, 2009.

**FOR FURTHER INFORMATION CONTACT:** Seth Isenberg, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department

of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0588.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On March 24, 2009, the Department of Commerce ("Department") published a notice of initiation of an administrative review of the antidumping duty order on stainless steel bar from India covering the period February 1, 2008, through January 31, 2009. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 12310 (March 24, 2009). The preliminary results for this administrative review are currently due no later than October 31, 2009.

##### **Extension of Time Limits for Preliminary Results**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an antidumping duty order for which a review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Due to the complexity of the issues in this case, including issues regarding company affiliations, and the lengthy supplemental questionnaire responses pending, it is not practicable to complete the preliminary results of this review within the original time limit (*i.e.*, October 31, 2009). Therefore, the Department is extending the time limit for completion of the preliminary results to no later than March 1, 2010,<sup>1</sup> in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

<sup>1</sup> 120 days from October 31, 2009, is February 28, 2010, which is a Sunday. However, Department practice dictates that where a deadline falls on a weekend, the appropriate deadline is the next business day. *See Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Act*, 70 FR 24533 (May 10, 2005).

Dated: October 23, 2009.

#### **Barium Chloride From the People's Republic of China: Final Results of Expedited Third Sunset Review of Antidumping Duty Order**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce

**EFFECTIVE DATE:** October 29, 2009.

**SUMMARY:** On July 1, 2009, the Department of Commerce (the "Department") initiated a sunset review of the antidumping duty order on barium chloride from the People's Republic of China ("PRC"). On the basis of a notice of intent to participate and an adequate substantive response from domestic interested parties, as well as a lack of response from respondent interested parties, the Department conducted an expedited (120-day) sunset review. As a result of the sunset review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping. The dumping margins are identified in the Final Results of Review section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Melissa Blackledge or Howard Smith, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; Telephone: (202) 482-3518 or (202) 482-5193, respectively.

#### **SUPPLEMENTARY INFORMATION:**
