Overview

The Rural Housing Service, an agency within the USDA Rural Development mission area, provides housing loan guarantees to lenders of rural residents through its Section 502 Guaranteed Loan Program. USDA Rural Development (hereinafter referred to as the "Agency") offers assistance to refinance existing Section 502 Direct and Guaranteed Loan Program borrowers with Section 502 Guaranteed Loans when restructuring achieves more favorable loan terms.

USDA Rural Development's Section 502 Guaranteed Loan Program is making \$400 million available under the Recovery Act for refinancing Section 502 Direct and Guaranteed Loan Program borrowers with Section 502 Guaranteed Loans. Utilization of funds from the Recovery Act for refinancing existing Section 502 Guaranteed and/or Direct Loan Program borrowers can assist responsible homeowners reduce their overall monthly debt by achieving more favorable affordable terms, increasing household cash flow, lowering the cost of ownership and benefiting the economy by employing mortgage partners associated with the mortgage loan process. These funds will be made available on a first-come-first-served basis for refinance requests meeting the existing application and approval procedures based upon Section 502(h)(14) of the Housing Act of 1949, as amended, with the addition of the policy changes noted in this. Existing procedures include those in 7 CFR part 1980, subpart D. To the extent of any inconsistency, the provisions of this notice will prevail.

USDA Rural Development intends to modify and clarify policy regarding the refinancing of existing Section 502 Direct or Guaranteed Loan Program borrowers (herein referred to as "borrowers") with Recovery Act funds. Refinancing, with Recovery Act funds, is intended to help those borrowers who are seeking to achieve more favorable loan terms by transferring the financing arrangement to another approved guaranteed lender, modifying the loan type, or restructuring the repayment obligation with the present guaranteed lender. Modification and clarification of policy is intended to strengthen and support USDA Rural Development's obligation to protect its existing Section 502 portfolio. The Agency is considering adopting these program improvements in its permanent refinance program (using annual appropriations) to address increased risk and costs to the Government.

Specifically, under this notice the agency will require the interest rate of the new loan to be 100 basis points below the rate of the existing loan to be refinanced. This change will ensure the monetary benefit of refinancing to low or moderate income borrowers served by the program and achieve the investment goals of the Recovery Act. Eligible closing costs and other fees charged by the lender have been identified specifically, rather than relying upon a "reasonable and customary" test. This is intended to reduce excessive closing costs and other fees charged the borrower that can

eliminate the benefit of the refinance. To reduce risk to the Government the streamlined refinance feature has been modified to limit the new financing to the amount of the original loan. Streamlined refinance under this does not require obtaining a new appraisal, so homeowner recovery can begin more quickly as intended by the Recovery Act. This notice also expands upon and clarifies borrower qualification requirements when there is a change of borrower(s) and emphasizes the necessity of responsible homeownership in connection with repayment history. Existing borrowers seeking to refinance their Section 502 mortgage loan under this notice must have demonstrated their ability to meet payment demands by maintaining a current account for the 180 days prior to application.

Only approved lenders, as prescribed in 7 CFR 1980.309 are eligible to participate in the Section 502 Guaranteed Loan Program. Approved lenders may utilize the services of agents for processing refinance loans described in this notice. Approved lenders are responsible for loan underwriting and the action of any agent they may employ or hold a business relationship with. Rural Development will issue the conditional commitment to the approved lender if all eligibility requirements are met.

All funds appropriated in the Recovery Act are available for obligation no later than September 30, 2010. Funding provided through the Recovery Act is one-time funding. Under Section 1604 of the Recovery Act, none of the funds made available under the Recovery Act may be used for any casino or other gambling related establishment, aquarium, zoo, golf course or swimming pool. In implementing this prohibition, the Agency specifically will not finance dwellings with swimming pools.

General Description of Assistance

Under the Section 502 Guaranteed Loan Program's Refinance program, an approved lender may refinance an existing Section 502 Direct and/or Guaranteed Loan Program borrower with a Section 502 Guaranteed Loan. A refinance must achieve more favorable loan terms. The intent of the assistance is to give borrowers with satisfactory payment histories the opportunity to benefit from a lower interest rate and increase their ability to be successful homeowners. Two options for refinancing will be offered under this:

1. *Streamlined refinance.* Lenders may offer a streamlined refinance without obtaining a new appraisal. The lender will pay off the principal balance

of the existing Section 502 Guaranteed or Direct loan. The new loan amount cannot exceed the original loan amount and cannot include any accrued interest, closing costs or lender fees. The refinance guarantee fee (.5 percent of the loan amount) can be included in the loan to be refinanced only to the extent financing does not exceed the original loan amount. Except for the appraisal waiver, all other costs, documentation and underwriting requirements remain the same for guaranteed loan processing.

2. *Non-streamlined refinance.* Lenders may offer non-streamlined refinances (with an appraisal). The new loan may include the principal and interest of the existing Agency loan, closing costs, lender fees, and the guarantee fee (.5 percent of the loan amount) to the extent there is sufficient equity in the property, as determined by an appraisal.

Loan Purpose, Term and Limitations

In addition to 7 CFR part 1980, subpart D the following loan purpose, terms and limitations must be met to be eligible to refinance an existing Agency loan with a Section 502 Guaranteed Loan under this notice:

3. For non-streamlined refinances, a new and current appraisal is required when 12 months or greater from the original date of loan has expired or whenever the refinance loan exceeds the existing principal balance of the original loan.

4. Customary and reasonable closing costs and other fees may be collected from the borrower by the lender. Such charges may not exceed the cost paid by the lender or charged to the lender by the service provider. Excessive fees are not permitted. Examples of customary and reasonable fees and charges are: The actual cost of the appraisal, inspection, credit reports, imposed verification charges, title examination and title insurance fees, attorney fees, settlement fees, recording fees, taxes, test or treatment fees, and/or courier/wire/notary fees as long as the service provider is not an employee of the lender. Document preparation fees may only be charged if the documents are prepared by a third party not controlled by the lender. The lender may not charge document preparation fees if it prepares documents itself. An origination fee of up to 1 percent, based upon the combined total of the loan amount to be refinanced, can be charged to the borrower. Lock in/rate locks

represent other fees and charges and may be assessed to the borrower, but are not considered closing costs. Discount points paid representing application processing fees or broker fees cannot be assessed to the borrower.

5. Discount points may be financed in connection with a non-streamlined refinancing when the existing borrower's adjusted household income is at or below low income adjusted income limits, as determined by 7 CFR part 1980, subpart D. Discount points financed will not exceed two percentage points of the loan amount.
