

AWTS. Companies are selected for this survey using a stratified random sample based on annual sales size with a company's probability of selection increasing with their annual sales size. We will furnish report forms to the firms covered by this survey in January 2010 and will require their submissions within 30 days after receipt. The sample of firms selected will provide, with measurable reliability, statistics on annual sales, e-commerce sales, purchases, total operating expenses, year-end inventories held both inside and outside the United States, commissions, total operating revenue, and gross selling value, for 2009.

Sections 182, 224, and 225 of title 13 of the United States Code authorizes the Census Bureau to take surveys that are necessary to furnish current data on the subjects covered by the major censuses. As part of this authorization, the Census Bureau conducts the AWTS to provide continuing and timely national statistics data on wholesale trade activity for the period between economic censuses. For 2009, the survey will, as it has in the past, operate as a sample of wholesale distributors; manufacturers' sales branches and offices; and agent, brokers, and electronic markets. The data collected in this survey will be similar to that collected in the past and within the general scope and nature of those inquiries covered in the economic census. These data are collected to provide a sound statistical basis for the

formation of policy by various government agencies. These data will be available for use for a variety of public and business needs such as economic and market analysis, company performance, and forecasting future demand.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 U.S.C. 3501-3521, OMB approved the AWTS under OMB control number 0607-0195.

Based upon the foregoing, I have directed that the annual survey be conducted for the purpose of collecting these data.

Dated: October 28, 2009.

Robert M. Groves,

Director, Bureau of the Census.

¹ Or the next business day, if the deadline falls on a weekend, federal holiday or any other day when the Department is closed.

In accordance with section 351.213(b) of the regulations, an interested party, as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review. In addition, a domestic interested party or an interested party described in section 771(9)(B) of the Act must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Please note that, for any party the Department was unable to locate in prior segments, the Department will not accept a request for an administrative review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), the Department has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import

² If the review request involves a non-market economy and the parties subject to the review request do not qualify for separate rates, all other exporters of subject merchandise from the non-market economy country who do not have a separate rate will be covered by the review as part of the single entity of which the named firms are a part.

Administration web site at <http://www.trade.gov/ia>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Orders, Findings, or Suspended Investigations" for requests received by the last day of November 2009. If the Department does not receive, by the last day of November 2009, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period, of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Dated: October 26, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
