

first-served basis. Opportunities to address the panel during the meeting will occur during discussion of each topic, and speakers will be required to register ahead of time. If you would like to make a formal presentation during the open public sessions, you must register and provide an abstract of your presentation by 5 p.m. e.s.t. on January 15, 2010. To speak, submit your name, title, business affiliation (if applicable), address, telephone and fax numbers, and e-mail address to Adele Seifried (see **FOR FURTHER INFORMATION CONTACT**). FDA has included issues for comment in section I of the **SUPPLEMENTARY INFORMATION** section. You should also identify by letter each issue you wish to address in your presentation and the approximate time requested for your presentation.

FDA will do its best to accommodate those who wish to speak. Individuals and organizations with common interests are urged to consolidate or coordinate their comments and to request time for a joint presentation. FDA will determine the amount of time allotted to each presenter. Persons registered to make a formal presentation should check in before the workshop. In addition, we strongly encourage written comments to the docket. Written or electronic comments will be accepted until February 24, 2010.

If you need special accommodations because of disability, contact Adele Seifried (see **FOR FURTHER INFORMATION CONTACT**) at least 7 days before the workshop.

III. Comments

Regardless of attendance at the public workshop, interested persons may submit written or electronic comments to the Division of Dockets Management (see **ADDRESSES**). Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments should be identified with the docket number found in brackets in the heading of this document. To ensure consideration, submit comments by (see **DATES**). Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

IV. Transcripts

Please be advised that as soon as a transcript is available, it will be accessible at <http://www.regulations.gov>. It may be viewed at the Division of Dockets Management (see **ADDRESSES**). A transcript will also be available in either hardcopy or on CD-ROM, after submission of a Freedom of

Information request. Written requests are to be sent to the Division of Freedom of Information (HFI-35), Office of Management Programs, Food and Drug Administration, 5600 Fishers Lane, rm. 6-30, Rockville, MD 20857.

Dated: October 27, 2009.

David Horowitz,

Assistant Commissioner for Policy.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Prospective Grant of Exclusive License: Development of a Companion Diagnostic Kit To Detect Asparagine Synthetase Expression Levels as a Method To Screen for the Drug Efficacy in Treatments for Pancreatic Cancer, Ovarian Cancer, and Multiple Myeloma

AGENCY: National Institutes of Health, Public Health Service, HHS.

ACTION: Notice.

SUMMARY: This is notice, in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i), that the National Institutes of Health, Department of Health and Human Services, is contemplating the grant of an exclusive patent license to practice the inventions embodied in U.S. Patent Application No. 12/281,589 and PCT Application No. PCT/US07/05555 entitled “Materials and Methods Directed to Asparagine Synthetase and Asparaginase Therapies” (HHS Ref. No. E-132-2006/2), to the French-based ERYtech Pharma LLC which is located in Lyon, France (with an additional office in Philadelphia, Pennsylvania). The patent rights in this invention have been assigned to the United States of America.

The prospective exclusive license territory may be worldwide and the field of use may be for the use of the Licensed Patent Rights limited to a FDA-approved companion diagnostic test predictive of L-asparaginase therapeutic effect in the treatment of pancreatic cancer, ovarian cancer, and multiple myeloma as claimed in the Licensed Patent Rights.

DATES: Only written comments and/or applications for a license which are received by the NIH Office of Technology Transfer on or before January 4, 2010 will be considered.

ADDRESSES: Requests for copies of the patent application, inquiries, comments, and other materials relating to the contemplated exclusive license should be directed to: Samuel E. Bish, Ph.D., Licensing and Patenting Manager, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852-3804; Telephone: (301) 435-5282; Facsimile: (301) 402-0220; E-mail: bishse@mail.nih.gov.

SUPPLEMENTARY INFORMATION: The technology describes methods and therapies involving asparagine synthetase (ASNS) and L-asparaginase
