

submission of additional, previously absent-from-the-record alternative surrogate value information pursuant to 19 CFR 351.301(c)(1). See *Glycine from the People's Republic of China: Final Results of Antidumping Duty Administrative Review and Final Rescission, in Part*, 72 FR 58809 (October 17, 2007), and accompanying Issues and Decision Memorandum at Comment 2.

Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. See 19 CFR 351.309(c)(ii). Rebuttal briefs are limited to issues raised in the case briefs and may be filed no later than five days after the time limit for filing the case briefs. See 19 CFR 351.309(d). Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Further, the Department requests that parties submitting written comments provide the Department with a diskette containing the public version of those comments. Also, an interested party may request a hearing within 30 days of publication of the preliminary results. See 19 CFR 351.310(c). We will issue a memorandum identifying the date of a hearing, if one is requested.

The Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, within 120 days of publication of the preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon completion of this administration review, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we will calculate importer- or customer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. To determine whether the duty assessment rates are *de minimis* (i.e., less than 0.50 percent), in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we will calculate customer-specific *ad valorem* ratios based on export prices.

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any

importer- or customer-specific assessment rate calculated in the final results of this review is above *de minimis*.

For entries of the subject merchandise during the POR from companies not subject to this review, we will instruct CBP to liquidate them at the cash deposit rate in effect at the time of entry. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

For HSW, we have calculated customer-specific antidumping duty assessment amounts for subject merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of sales examined. We calculated these assessment amounts because there is no information on the record which identifies entered values or the importers of record for the U.S. sales of HSW.

Cash Deposit Requirements

The following cash deposit requirements will apply to all shipments of certain helical spring lock washers from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For HSW, which has a separate rate, the cash deposit rate will be the rate established in the final results of this administrative review; (2) for any previously reviewed or investigated PRC or non-PRC exporter, not covered in this review, with a separate rate, the cash deposit rate will be the company-specific rate established in the most recent segment of this proceeding; (3) for all other PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 128.63 percent; and (4) the cash deposit rate for any non-PRC exporter of subject merchandise from the PRC will be the rate applicable to the PRC exporter that supplied that exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this

review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing the preliminary results determination in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 2, 2009.

Ronald Lorentzen,

Acting Assistant Secretary for Import Administration.
