

China/NME Unit, to Ronald K. Lorentzen, Acting Assistant Secretary for Import Administration, dated November 3, 2009, which is adopted by this notice. A list of issues which parties have raised is in the Decision Memorandum and is attached to this notice as an appendix. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in the Decision Memorandum which is on file in the Central Records Unit, Room 1117, of the main Commerce Building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://www.ia.ita.doc.gov/frn>. The paper copy and the electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the comments received, we have made certain changes in the margin calculations. These changes are discussed in the relevant sections of the Decision Memorandum and the Memorandum to the File from Michael J. Heaney dated November 3, 2009 (Analysis Memorandum). Specifically, for these final results:

- 1) We have deducted from NV the inland freight expenses incurred by Kolon in shipping PET film from its plant to its warehouse.
- 2) We have calculated a single, importer-specific assessment rate for Kolon's CEP sales.

Final Results of Review

We determine that the following weighted-average margin percentage exists for the period October 2, 2007, through May 31, 2008:

Manufacturer / Exporter	Margin
Kolon Industries, Inc.	0.13 percent (<i>de minimis</i>)

Assessment

Since the final rate for Kolon Industries, Inc. is *de minimis*, the Department will instruct Customs and Border Protection (CBP) to assess no dumping duties on the entries covered by this review. The Department intends to issue appraisal instructions to CBP 15 days after the date of publication of these final results of review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of this final results of review for all shipments of the subject

merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) because the rate for Kolon is *de minimis*, i.e., less than 0.5 percent, no cash deposit will be required for Kolon; (2) if the exporter is not a firm covered in this review or the less than fair value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) if neither the exporter nor the manufacturer is a firm covered in this or any previous review, the cash deposit rate will be the all-others rate of 21.50 percent from the LTFV investigation. *See Polyethylene Terephthalate Film, Sheet, and Strip From the Republic of Korea; Notice of Final Court Decision and Amended Final Determination of Anti-Dumping Duty Investigation*, 62 FR 50557 (September 26, 1997).¹

Notification to Interested Parties

The Department will disclose calculations performed in connection with the final results of review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/disposition of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination in accordance with section 751(a)(1) and 777(i) of the Act.

Dated: November 3, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.

Continuation of Antidumping Duty Order on Certain Cut-to-Length Carbon Steel Plate from the People's Republic of China and Continuation of Suspended Antidumping Duty Investigations on Certain Cut-to-Length Carbon Steel Plate from the Russian Federation and Ukraine

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the respective determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on certain cut-to-length carbon steel plate ("CTL plate") from the People's Republic of China ("PRC") and the termination of the suspension agreements and the underlying antidumping duty investigations on CTL plate from the Russian Federation ("Russia") and Ukraine (collectively, "the Agreements") would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing this notice of continuation of the antidumping duty order on CTL plate from the PRC and continuation of the Agreements on CTL plate from Russia and Ukraine.

EFFECTIVE DATE: November 10, 2009.

FOR FURTHER INFORMATION CONTACT: Wendy Frankel (PRC), Maureen Price (Russia) or Julie Santoboni (Ukraine), Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-5849, (202) 482-4271 or (202) 482-3063, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department initiated, and the ITC instituted, sunset reviews of the antidumping duty order on CTL plate from the PRC and the Agreements on CTL plate from Russia and Ukraine, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). *See Initiation of Five-year ("Sunset") Reviews*, 73 FR 44968 (August 1, 2008) and *Cut-To-Length Carbon Steel Plate From China, Russia, and Ukraine*, 73 FR 70368 (November 20, 2008).

As a result of its reviews, pursuant to sections 751(c) and 752 of the Act, the Department determined that revocation

of the antidumping duty order on CTL plate from the PRC and termination of the Agreements on CTL plate from Russia and Ukraine would likely lead to a continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail, should the order and the Agreements be revoked or terminated, respectively. *See Certain Cut-to-Length Carbon Steel Plate From the People's Republic of China: Notice of Final Results of Expedited Sunset Review of Antidumping Duty Order*, 73 FR 74143 (December 5, 2008), *Certain Cut-to-Length Carbon Steel Plate from Russia; Final Results of Expedited Sunset Review of the Suspension Agreement*, 73 FR 74461 (December 8, 2008), and *Certain Cut-to-Length Carbon Steel Plate from Ukraine; Final Results of Full Sunset Review of the Suspension Agreement*, 74 FR 11910 (March 20, 2009).

On October 13, 2009, pursuant to section 751(c) of the Act, the ITC determined that revocation of the antidumping duty order on CTL plate from the PRC and termination of the Agreements on CTL plate from Russia and Ukraine would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. *See Cut-to-Length Carbon Steel Plate From China, Russia, and Ukraine*, 74 FR 56666 (November 2, 2009).

Therefore, pursuant to section 351.218(f)(4) of the Department's regulations, the Department is publishing this notice of the continuation of the antidumping duty order on CTL plate from the PRC and continuation of the Agreements on CTL plate from Russia and Ukraine.

Scope

The products covered under the antidumping duty order and the Agreements are hot-rolled iron and non-alloy steel universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1250 mm and of a thickness of not less than 4 mm, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain iron and non-alloy steel flat-rolled products not in coils, of rectangular shape, hot-rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 mm or more in thickness and of a width which exceeds 150 mm and measures at least

twice the thickness. Included as subject merchandise in this order and these Agreements are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (i.e., products which have been "worked after rolling")—for example, products which have been bevelled or rounded at the edges. This merchandise is currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, 7212.50.0000. Excluded from the subject merchandise within the scope of this order and these Agreements is grade X-70 plate. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the order and the Agreements is dispositive.

Continuation

As a result of the respective determinations by the Department and the ITC that revocation of the antidumping duty order on CTL plate from the PRC and termination of the Agreements on CTL plate from Russia and Ukraine would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby gives notice of the continuation of the antidumping duty order on CTL plate from the PRC and the continuation of the Agreements on CTL plate from Russia and Ukraine. The effective dates of continuation will be the date of publication in the **Federal Register** of this Continuation Notice. Pursuant to sections 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year sunset reviews of the antidumping duty order on CTL plate from the PRC and the Agreements on CTL plate from Russia and Ukraine not later than October 2014.

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: November 4, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.
