SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–60956; File No. SR–ISE–2009–93]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Extension of a Pilot Program for Directed Orders

November 6, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Exchange Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on November 5, 2009, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to extend the pilot period for the system change that identifies to a Directed Market Maker (“DMM”) the identity of the firm entering a Directed Order until November 30, 2010.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of,

and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On January 5, 2006, the ISE initiated a system change to identify to a DMM the identity of the firm entering a Directed Order. The ISE filed this system change on a pilot basis under Section 19(b)(3)(A) of the Exchange Act of 1934 (the “Exchange Act”) and Rule 19b–4(f)(5) thereunder³ so that it would be effective while the Commission considered a separate proposed rule change filed under Section 19(b)(2) of the Exchange Act to amend the ISE’s rules to reflect the system change on a permanent basis (the “Permanent Rule Change”).⁴ The current pilot expires on November 30, 2009,⁵ but the Commission has not yet taken action with respect to the Permanent Rule Change. Accordingly, the Exchange proposes to extend the pilot for an additional one year, until November 30, 2010, so that the system change will remain in effect while the Commission continues to evaluate the Permanent Rule Change.⁶

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is found in Section 6(b)(5), in that the proposed rule change is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. Extension of the pilot program will allow the Exchange to continue operating under the pilot

while the Commission considers the Permanent Rule Change.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Exchange Act⁷ and Rule 19b–4(f)(5)⁸ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest for the protection of investors, or otherwise in furtherance of the purposes of the Exchange Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Exchange Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SUPPLEMENTARY INFORMATION: We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary to properly perform our functions.
- Evaluate the accuracy of our estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond.

Abstract of proposed collection: The Department's student internship programs provide a key source of potential candidates who have an interest in, and are qualified, to become future Department employees. Naturally, HR/REE wants to strengthen and maintain its connections to this group, fostering and mentoring a pool of candidates from which to obtain successful recruits.

In June 2008, HR/REE surveyed over 3,500 former interns who served from 2005 through spring 2008. The intern alumni were queried as to their motivation in seeking an internship,

whether or not they had pursued a career with either the Foreign Service or Civil Service, and what their recommendations would be for the best ways for the Department to maintain contact after the conclusion of their internships. Intern alumni endorse continued contact with Department representatives mainly through electronic means and website reminders of career opportunities.

In an effort to address these findings and provide viable solutions to improving student engagement prior to, during and following an internship, the Department developed an intern engagement strategy that will ultimately result in a measurable conversion of interns into Department hires for the Foreign or Civil Service. The foundation of this strategy is INTERNATIONAL CONNECTIONS, a web-based career networking site for current, former and future interns that collects pertinent information about them, their experiences and their career goals.

Methodology: Currently, the Department of State internship program employs over 1,000 participants in the summer, in addition to fall and spring internships. Unfortunately, a tracking system does not exist which would enable the Department to capture the intern-to-hire ratio or conversion rate, or track this statistic over a period of time. This project would provide that missing link.

Users will register online at careers.state.gov/internconnect and create a profile that includes the aforementioned information.

Dated: October 21, 2009.

Ruben Torres,

Executive Director, Bureau of Human Resources, Department of State.
