Title: Cooperative Agreements and Superfund State Contracts for Superfund Response Actions (Renewal).

ICR numbers: EPA ICR No. 1487.10, OMB Control No. 2050-0179.

ICR Status: This ICR is scheduled to expire on December 31, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An

Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR authorizes the collection of information under 40 CFR part 35, subpart O, which establishes the administrative requirements for cooperative agreements funded under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) for State, federally-recognized Indian tribal governments, intertribal consortiums, and political subdivision response actions. This regulation also codifies the administrative requirements for Superfund State Contracts for non-State lead remedial responses. This regulation includes only those provisions mandated by CERCLA, required by OMB Circulars, or added by EPA to ensure sound and effective financial assistance management under this regulation. The information is collected from applicants and/or recipients of EPA assistance and is used to make awards, pay recipients, and collect information on how federal funds are being utilized. EPA requires this information to meet its federal stewardship responsibilities. Recipient responses are required to obtain a benefit (federal funds) under 40 CFR part 31, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" and under 40 CFR part 35, "State and Local Assistance."

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 7 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and

requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State; Local; or Tribal governments.

Estimated Number of Respondents: 568.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 4,189.

Estimated Total Annual Cost:

\$128,466.67, includes no costs for annualized capital or O&M costs.

Changes in the Estimates: There is a decrease of 884 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease reflects a decrease in the estimated number of respondents from the previous ICR.

Dated: November 9, 2009.

Director, Collection Strategies Division.

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) or Superfund, Section 128(a); Notice of Grant Funding Guidance for State and Tribal Response Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA will begin to accept requests, from December 1, 2009 through January 31, 2010, for grants to supplement State and Tribal Response Programs. This notice provides guidance on eligibility for funding, use of funding, grant mechanisms and process for awarding funding, the allocation system for distribution of funding, and terms and reporting under these grants. EPA has consulted with state and tribal officials in developing this guidance.

The primary goal of this funding is to ensure that state and tribal response programs include, or are taking reasonable steps to include, certain elements and a public record. Another goal is to provide funding for other activities that increase the number of response actions conducted or overseen by a state or tribal response program.
