

Colorado Springs, Colorado 80904;
Phone (719) 520-3782.

The WIC 2010 System Enhancement Project includes: (1) The modification of one of the two Taurus 70 compressor installed at WIC's Wamsutter Compressor Station, in Sweetwater County, Wyoming, to improve delivery capabilities at the Wamsutter Compressor Station (Wamsutter); (2) the modification of piping and measurement facilities at WIC's Cheyenne Compressor Station (Cheyenne) in Weld County, Colorado, to allow for bi-directional flow on WIC's mainline system between Cheyenne and Wamsutter; and (3) the construction of a 2.43-mile, 20-inch lateral pipeline from the modified Wamsutter Compressor Station to a new interconnect and meter station with Questar Overthrust Pipeline Company (Overthrust) and a new interconnection at an existing meter station between WIC and Rockies Express Pipeline, LLC, (REX), all in Sweetwater County, Wyoming.

The proposed project will provide about 285,000 dekatherms per day (Dth/d) of transportation capacity from Cheyenne to Wamsutter with delivery capabilities to Overthrust and REX. So far, 97,500 Dth/d of that amount has been subscribed and the remaining 187,500 MDth/d of east-to west delivery capability will be available at Wamsutter for WIC's existing and new shippers on a primary firm or alternate basis. WIC is requesting that the Section 7(c) authorization for the above activities be issued by June 1, 2010, in order to meet a projected in-service date of October 31, 2010.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests

and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street, NE., Washington, DC 20426. There is an "eSubscription" link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s).

Comment Date: December 7, 2009.

Kimberly D. Bose,

Secretary.

[Project No. 459-289]

Union Electric Company dba AmerenUE; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests

November 13, 2009.

a. *Type of Application:* Non-project use of project lands and waters.

b. *Project Number:* P-459-289.

c. *Dated Filed:* September 30, 2009.

d. *Applicant:* AmerenUE.

e. *Name of Project:* Osage Hydroelectric Project.

f. *Location:* The proposed non-project use is located at mile marker 18.8 + 2.9, off the Grand Glaize arm of the Lake of the Ozarks, in Camden County, Missouri.

g. *Filed Pursuant to:* Federal Power Act, 16 USC 791a-825r.

h. *Applicant Contact:* Mr. Jeff Green, Shoreline Supervisor, AmerenUE, P.O. Box 993, Lake Ozark, MO 65049, (573) 365-9214.

i. *FERC Contact:* Any questions on this notice should be addressed to John Mark at (212) 273-5940, or by e-mail at john.mark@ferc.gov.

j. *Deadline for filing comments and/or motions:* December 14, 2009.

All documents (original and eight copies) should be filed with: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervener files comments

or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Request:* Union Electric Company, dba AmerenUE, filed an application seeking Commission authorization to permit Mystic Bay Development to add one dock with six multi-family residential boat slips to its four existing community docks with a total of 60 boat slips. The proposed dock would be located along the shoreline fronting Mystic Bay Condominiums.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field (P-459) to access the document. You may also register online at: <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3372 or e-mail FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Any filings must bear in all capital letters the title "COMMENTS", "PROTESTS", or "MOTION TO INTERVENE", as applicable, and the

Project Number of the particular application to which the filing refers.

p. *Agency Comments:* Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

q. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 13607-000]

Central Oregon Irrigation District; Notice of Application Accepted for Filing and Soliciting Comments, Motions To Intervene, Protests, Recommendations, and Terms and Conditions

November 12, 2009.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Type of Application:* Conduit Exemption.

b. *Project No.:* P-13607-000.

c. *Date Filed:* October 19, 2009.

d. *Applicant:* Central Oregon Irrigation District.

e. *Name of Project:* Juniper Ridge Hydroelectric Project.

f. *Location:* The Juniper Ridge Hydroelectric Project would be located on the Central Oregon Irrigation District's Pilot Butte Canal, also referred to as the North Canal, in Deschutes County, Bend, Oregon. The land in which all the project structures are located is owned by the applicant.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791a-825r.

h. *Applicant Contact:* Mr. Steven Johnson, Central Oregon Irrigation District, 1055 SW. Lake Court, Redmond, OR 97756; stevej@coid.org.

i. *FERC Contact:* Patricia W. Gillis, (202) 502-8735, patricia.gillis@ferc.gov.

j. *Status of Environmental Analysis:*

This application is ready for environmental analysis at this time, and the Commission is requesting comments, reply comments, recommendations, terms and conditions, and prescriptions.

k. *Deadline for Filing Responsive Documents:* The Commission directs, pursuant to section 4.34(b) of the Regulations (see Order No. 533, issued May 8, 1991, 56 FR 23,108 (May 20, 1991)), that all comments, motions to intervene, protests, recommendations, terms and conditions, and prescriptions concerning the application be filed with the Commission by December 10, 2009. All reply comments must be filed with the Commission by December 28, 2009.

Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Project:* The proposed Juniper Ridge Hydroelectric Project consists of: (1) A proposed powerhouse containing one generating unit having an installed capacity of 5,000 kilowatts, and (2) appurtenant facilities.

The project would have an estimated annual generation of 12.6 megawatt-hours that would be used on-site with any excess being sold to a local utility.

m. This filing is available for review and reproduction at the Commission in the Public Reference Room, Room 2A, 888 First Street, NE., Washington, DC 20426. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, here P-12624, in the docket number field to access the document. For assistance, call toll-free 1-866-208-3676 or e-mail

FERCOnlineSupport@ferc.gov. For TTY, call (202) 502-8659. A copy is also available for review and reproduction at the address in item h. above.

n. *Development Application*—Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the
