Approval and Promulgation of Air Quality Implementation Plans; Virginia; Revision to Clean Air Interstate Rule Sulfur Dioxide Trading Program; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to an adverse comment, EPA is withdrawing the direct final rule to approve the timing change for the first phase of the sulfur dioxide (SO₂) trading budget under the Commonwealth of Virginia's approved Clean Air Interstate Rule (CAIR) regulations. In the direct final rule published on October 22, 2009 (74 FR 54485), we stated that if we received adverse comment by November 23, 2009, the rule would be withdrawn and not take effect. EPA will not institute a second comment period on this action.

Approval of the Clean Air Act, Section 112(l), Authority for Hazardous Air Pollutants: Perchloroethylene Air Emission Standards for Dry Cleaning Facilities: Commonwealth of Massachusetts Department of Environmental Protection

AGENCY: Environmental Protection Agency (“EPA”).

ACTION: Direct final rule.

SUMMARY: Pursuant to section 112(l) of the Clean Air Act (“CAA”) and federal regulations promulgated thereunder, the Massachusetts Department of Environmental Protection (“MassDEP”) submitted a request for approval to implement and enforce the amended 310 CMR 70.00 Environmental Results Program (“ERP”) Certification and the amended 310 CMR 7.26(10)–(16) Perchloroethylene (“Perc” or “PCE”) Air Emissions Standards for Dry Cleaning Facilities (together referred to as the “amended Dry Cleaner ERP”) as a partial substitution for the amended National Emissions Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities (“Dry Cleaning NESHAP”), as it applies to area sources. EPA has reviewed this request and has determined that the amended Dry Cleaner ERP satisfies the requirements necessary for partial substitution approval. Thus, EPA is hereby granting MassDEP the authority to implement and enforce its amended Dry Cleaner ERP in place of the Dry Cleaning NESHAP for area sources, but EPA is retaining its authority with respect to major source dry cleaners and dry cleaners installed in a residence between December 21, 2005 and July 13, 2006. This approval makes the amended Dry Cleaner ERP federally enforceable.

DATES: This direct final rule will be effective January 22, 2010, unless EPA receives adverse comments by December 23, 2009. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect. The incorporation by reference of certain publications listed in the rule is approved by the Director of the Federal Register as of January 22, 2010.
