#### Abstract of Proposed Collection:

When an approved immigrant visa petition is received at the National Visa Center (NVC) and is determined to be current for processing, NVC will send the petition beneficiary Form DS-3032, which allows the beneficiary to choose an agent to receive mailings from NVC and assist in the paperwork or paying required fees. The applicant is not required to choose an agent and may have all mailings sent to an address abroad. However, the alien's case will be held at NVC until the signed form is returned. If the form is not returned within one year, NVC will begin the case termination process. DS-3032 is not required if a G-28 (Notice of Entry of Appearance as Attorney or Representative) is received from DHS and the attorney is the agent, the alien is self-petitioning, or a child is being adopted. Once the form has been signed and returned to NVC the applicant process will proceed.

#### Methodology:

DS-3032 will be submitted via mail to the National Visa Center.

Dated: November 16, 2009.

## OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. WTO/DS389]

### WTO Dispute Settlement Proceeding Regarding European Communities—Certain Measures Affecting Poultry Meat and Poultry Meat Products From the United States

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Office of the United States Trade Representative (“USTR”) is providing notice that on October 23, 2009, the United States requested the establishment of a panel under the *Marrakesh Agreement Establishing the World Trade Organization* (“WTO Agreement”) with respect to certain measures of the European Communities (“EC”) affecting the import and marketing of poultry products from the United States. That request may be found at [www.wto.org](http://www.wto.org) contained in a document designated as WT/DS389/4. USTR invites written comments from the public concerning the issues raised in this dispute.

**DATES:** Although USTR will accept any comments received during the course of the dispute settlement proceedings, comments should be submitted on or before January 8, 2010 to be assured of timely consideration by USTR.

**ADDRESSES:** Public comments should be submitted electronically to <http://www.regulations.gov>, docket number USTR-2009-0005. If you are unable to provide submissions by <http://www.regulations.gov>, please contact Sandy McKinzy at (202) 395-9483 to arrange for an alternative method of transmission. If (as explained below) the comment contains confidential information, then the comment should be submitted by fax only to Sandy McKinzy at (202) 395-3640.

**FOR FURTHER INFORMATION CONTACT:** J. Sloane Strickler, Assistant General Counsel, Office of the United States Trade Representative, 600 17th Street, NW., Washington, DC 20508, (202) 395-6164.

**SUPPLEMENTARY INFORMATION:** Section 127(b) of the Uruguay Round Agreements Act (URAA) (19 U.S.C. 3537(b)(1)) requires that notice and opportunity for comment be provided after the United States submits or receives a request for the establishment of a WTO dispute settlement panel. Consistent with this obligation, USTR is providing notice that the establishment of a dispute settlement panel has been requested pursuant to the WTO

*Understanding on Rules and Procedures Governing the Settlement of Disputes* (“DSU”). If such a panel is established pursuant to the DSU, such panel, which would hold its meetings in Geneva, Switzerland, would be expected to issue a report on its findings and recommendations within nine months after it is established.

#### Major Issues Raised by the United States

The EC prohibits the import of poultry treated with any substance other than water unless that substance has been approved by the EC. The EC has not approved any other substance. Consequently, the EC prohibits the import of poultry that has been processed with chemical treatments (“pathogen reduction treatments” or “PRTs”) designed to reduce the amount of microbes on the meat, effectively prohibiting the shipment of virtually all U.S. poultry to the EC. The EC has not published or otherwise made available the process for approving a substance. The EC also maintains a measure regarding the marketing standards for poultry meat, which defines “poultrymeat” as only “poultrymeat suitable for human consumption, which has not undergone any treatment other than cold treatment.”

In 2002, the United States requested the European Commission to approve the use of four PRTs in the production of poultry intended for export to the EC: acidified sodium chlorite, trisodium phosphate, peroxyacids, and chlorine dioxide. However, after more than six years, including unexplained delays, the EC has not approved any of these four PRTs and instead has rejected the approval of their use.

The EC’s failure to approve is despite the fact that various EC agencies have issued scientific reports regarding a number of different aspects related to the processing of poultry with these four PRTs. Those reports did not find any scientific basis for banning the use of these PRTs. To the contrary, the conclusion of these reports is that the importation and consumption of poultry processed with these four PRTs does not pose a risk to human health.

The United States considers that the EC’s failure to approve these four PRTs is in breach of the EC’s WTO obligations, in particular: Articles 2.2, 5.1, 5.2, 7, and 8, and Annexes B(1), B(5), and C(1) of the *Agreement on the Application of Sanitary and Phytosanitary Measures* (“SPS Agreement”); Article 4.2 of the *Agreement on Agriculture* (“Agriculture Agreement”); Articles III:4, X:1, and XI:1 of the *General Agreement on Tariffs*

*and Trade 1994* (“GATT 1994”); and Article 2.1 of the *Agreement on Technical Barriers to Trade* (“TBT Agreement”).
