SUPPLEMENTARY INFORMATION: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is requesting that OMB extend its approval, for a three-year period, of a generic collection of information consisting of customer satisfaction focus groups and surveys (OMB No. 1212-0053; expires December 31, 2009). The information collection will further the

goals of Executive Order 12862, Setting Customer Service Standards, which states the Federal Government must seek to provide "the highest quality of service delivered to customers by private organizations providing a comparable or analogous service."

PBGC uses customer satisfaction focus groups and surveys to find out about the needs and expectations of its customers and assess how well it is meeting those needs and expectations. By keeping these avenues of communication open, PBGC can continually improve service to its customers, including plan participants and beneficiaries, plan sponsors and their affiliates, plan administrators, pension practitioners, and others involved in the establishment, operation and termination of plans covered by PBGC's insurance program. Because the areas of concern to PBGC and its customers vary and may quickly change, it is important that PBGC have the ability to evaluate customer concerns quickly by developing new vehicles for gathering information under this generic approval. The focus groups and surveys will provide important information on customer attitudes about the delivery and quality of agency services and will be used as part of an ongoing process to improve PBGC programs.

Participation in the focus groups and surveys will be voluntary. PBGC estimates that the annual burden for this collection of information will total 710 hours for 2,000 respondents. PBGC further estimates that the cost to respondents per burden hour will average \$72, resulting in a total cost of \$51,120 (\$72 × 710). PBGC will consult with OMB regarding each specific information collection during the approval period.

PBGC published in the **Federal Register** a notice of intention to request extension of OMB approval of this collection. 74 FR 40244 (August 11, 2009). No comments were received in response to the notice.

Issued at Washington, DC, this 19th day of November 2009.

John H. Hanley,

Director, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation.
