#### Quarterly Listings; Safety Zones, Security Zones, Special Local Regulations, and Drawbridge Operation Regulations

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of expired temporary rules issued.

**SUMMARY:** This document provides required notice of substantive rules issued by the Coast Guard and temporarily effective between March 2005 and November 2008, that expired before they could be published in the **Federal Register**. This notice lists temporary safety zones, security zones, special local regulations, and drawbridge operation regulations, all of limited duration and for which timely publication in the **Federal Register** was not possible.

**DATES:** This document lists temporary Coast Guard rules between March 26, 2005 and November 29, 2008 that became effective and were terminated before they could be published in the **Federal Register**.

**ADDRESSES:** The Docket Management Facility maintains the public docket for

this notice. Documents indicated in this notice will be available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building ground floor, room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590 between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** For questions on this notice contact Yeoman First Class Denise Johnson, Office of Regulations and Administrative Law, telephone (202) 372-3862. For questions on viewing, or on submitting material to the docket, contact Ms. Angie Ames, Docket Operations, telephone 202-366-5115.

**SUPPLEMENTARY INFORMATION:** Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. *Safety zones* may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. *Security zones* limit access to prevent injury or damage to vessels, ports, or waterfront facilities and may also describe a zone around a vessel in motion. *Special local regulations* are issued to enhance the safety of participants and spectators at regattas and other marine events. *Drawbridge operation regulations* authorize changes to drawbridge schedules to accommodate bridge repairs, seasonal vessel traffic, and local public events. Timely publication of these rules in the **Federal Register** is often precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The

affected public is, however, informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the beginning of the effective period, mariners were personally notified of the contents of these safety zones, security zones, special local regulations, regulated navigation areas or drawbridge operation regulations by Coast Guard officials' on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary safety zones, security zones, special local regulations, regulated navigation areas and drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. The temporary rules listed in this notice have been exempted from review under Executive Order 12666, Regulatory Planning and Review, because of their emergency nature, or limited scope and temporary effectiveness.

The following unpublished rules were placed in effect temporarily during the period between March 2005 and November 2008 unless otherwise indicated.

Dated: November 20, 2009.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R05-OAR-2009-0664; FRL-8985-2]

#### Approval and Promulgation of Air Quality Implementation Plans; Illinois; Indiana; Chicago and Evansville Nonattainment Areas; Determination of Attainment of the Fine Particle Standards

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** EPA is determining that the Chicago-Gary-Lake County, Illinois-Indiana ("Chicago") and Evansville, Indiana nonattainment areas have

attained the 1997 fine particle (PM<sub>2.5</sub>) National Ambient Air Quality Standard (NAAQS). These determinations are based upon quality-assured and certified ambient air monitoring data that show that the areas have monitored attainment of the 1997 PM<sub>2.5</sub> NAAQS for the 2006 to 2008 monitoring period. Currently available preliminary data for 2009 are consistent with continued attainment of the standard. As a result of these determinations, the requirements for these areas to submit an attainment demonstration and associated reasonably available control measures (RACM), a reasonable further progress plan (RFP), contingency measures, and other State Implementation Plan (SIP) revisions related to attainment of the standard are suspended for so long as the areas continue to attain the 1997 PM<sub>2.5</sub> NAAQS.

**DATES:** This final rule is effective on November 27, 2009.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R05-OAR-2009-0664. All documents in the docket are listed on the <http://www.regulations.gov> Web site.
